Our Reference (TRIM): OUT15/31413

Dear Mr Copas

**Re: Lucas Heights Resource Recovery Park Project (SSD 6835), Southerland LGA**

Thank you for the opportunity to provide advice on the above matter. This is a response from NSW Department of Industry – Geological Survey of New South Wales (GSNSW).

GSNSW previously provided a response for the request for input into SEARs for the above project on the 12<sup>th</sup> December 2014 (our reference OUT14/40607). The GSNSW position remains unchanged with no resource issues to raise regarding the above proposal.

**General Information**

Please note Coal Authorisation (AUTH) 6 held by (Secretary NSW Department of Industry on behalf of the Crown) exists over a broad regional area that includes the subject site. Identification of the title is to make the consent authority aware that there are other stakeholders with interests in the region.

**Geoscience Information Services**

The GSNSW has a range of online data available on line through the following website address:

<http://www.resources.nsw.gov.au/geological/online-services>

This site hosts a range of data to enable research into exploration, land use and general geoscience topics. Additionally, the location of exploration and mining titles in NSW may be accessed by the general public using the following online utilities:

1. **MinView** allows on-line interactive display and query of exploration tenement information and geoscience data. It allows spatial selection, display and download of geological coverages, mineral deposits and mine locations, geophysical survey

boundaries, drillhole locations, historical and current exploration title boundaries and other spatial datasets of New South Wales. This online service is available at:  
<http://www.resources.nsw.gov.au/geological/online-services/minview>

2. **NSW Titles** enables the public to access and view frequently updated titles mapping information across NSW. This online service is available at:  
<http://nswtitles.minerals.nsw.gov.au/nswtitles/>

Queries regarding the above information, and future requests for advice in relation to this matter, should be directed to the GSNSW Land Use team at  
[landuse.minerals@industry.nsw.gov.au](mailto:landuse.minerals@industry.nsw.gov.au).

Yours sincerely

Cressida Gilmore  
Team Leader - Land Use
