Emergency Response Plan – PA-13**

I refer to your correspondence dated 2 September 2021, seeking approval for the revised Emergency Response Plan (ERP) as required by Condition C63 of Schedule C of SSD-6835, submitted following the findings of the independent environmental audit (EIA) for the Lucas Heights Resource Recovery Park site.

The Department notes the IEA report recommended the Applicant submit the most recent version of the ERP to the Department and upload a copy of the ERP to the company website.

The Department has reviewed the revised plan and concludes the plan satisfies the relevant conditions. As such, the following plan is approved:
