I refer to your letter received on 12 April 2022, and additional information provided on 11 May 2022, seeking approval for the temporary variation of landfill operating hours at the Lucas Heights Resource Recovery Facility.

The Department has considered your request and has agreed, under Condition C53 of SSD-6835 (as modified), the hours of operation can be varied as set out in the Table below for the period commencing Wednesday, 11 May 2022 until Tuesday, 24 May 2022.

Table 1 – Temporary variation to landfill operating hours at Lucas Heights RRP

Facility	Activity	Day	Time
Landfill	Operation	Monday - Friday	2 am to 4 pm
		Saturday	5 am to 4 pm
		Sunday	6 am to 4 pm

The hours of work for other aspects of the development, as outlined in Condition C53, remain unchanged. Should a further extension to this timeframe be requested, sufficient justification for the request will be required to be provided to the satisfaction of the NSW Environment Protection Authority (EPA) and the Department.

You are requested to notify the Department if any complaints are received or other issues arise during the period of extended operating hours, as well as provide notification once the landfill returns to normal operating hours.
