2333

Content:

On behalf of the Upper Hunter Education Fund Inc. I would like to support and urge approval of the above application.

The applicant is a major financial supporter of Upper Hunter Education Fund Inc. (UHEF)

UHEF provides assistance to young people in the Hunter Region for tertiary education

We have provided over \$200,000 to over 100 young Hunter people to assist them with achieving their tertiary education goals over the past 8 years or so.

It is thanks to the major financial support of Anglo Coal-Drayton that we have been able to provide that support.

The benefits which the businesses the subject of these applications bring to our region (including employment, economic activity, support to local enterprises both not for profit and for profit) should be given great weight in determining these applications. We urge approval of the application. Refusal would most likely have significant negative impacts on our organisation and remove our ability to continue to provide the support for tertiary education that we have been able to provide over the last 8 years.
