Photographic data

Location: CLYNE RESERVE
Camera R.L. 20.78m
MGA coords: X: 333657.71, Y: 6252257.07
Lens: 25mm
Dimensions: 5616 x 3744
Date: 14/11/2013, 12:28:48 PM
Camera: Canon EOS 5D Mark II

Rationale for lens selection

The rationale for using a 25mm lens was to provide enough immediate context from the camera location, while still being able to see enough of the Barangaroo buildings in the distance.

Overlays showing longer lenses have been included to illustrate the effect of a longer lens. Note that using a longer lens from the same location will have the same effect as cropping the wider image.
