Subject: Request for Additional Information

Our ref: Marulan South Limestone Mine - Traffic Management Plan (SSD-7009-PA-23)

Dear Mr Longhurst

I refer to the Traffic Management Plan (Revision 2, dated 4 May 2022) submitted to the Department of Planning and Environment (the department) as required under the conditions of consent for the Marulan South Limestone Mine. After careful consideration, the department is requesting that you provide additional information.

You are requested to submit the following additional information:

- As per condition B90 (A) of the consent, Boral is required to include details of all transport routes and traffic types to be used for development-related traffic. In addition to the information Boral has supplied in Section 3.3 of the Traffic Management Plan, please provide route details from the identified site to the nearest state road. If required, please supply further information detailing if any development-related traffic is exiting the state road to access regional centres such as Berrima. This information must include a simple marked up map with a small description.
- Please correct the typographical error, in highlighted yellow, under section 6.1 of the Traffic Management Plan, as per condition D11 of the consent.

Please provide the information, by 12 August 2022 and if you have any questions, please contact me on 9274 6283 or via email at carl.dumpleton@planning.nsw.gov.au.

Yours sincerely,

Carl Dumpleton, Team Leader
