

Department of Planning and Environment

Mr Les Longhurst
Program and Acting Site Manager - Marulan
Boral Limited
Triniti T2 Level 5
39 Delhi Road
North Ryde New South Wales 2113

28/06/2022

Dear Mr Longhurst

Marulan South Limestone Mine - Management Plans extension of time (SSD-7009)

I refer to your request for an extension of time for the approval of several management plans required by the Marulan South Limestone Mine development consent (SSD-7009), which are listed below,

1. Noise Management Plan.
2. Air Quality and Greenhouse Gas Management Plan.
3. Water Management Plan.
4. Traffic Management Plan.
5. Rehabilitation Management Plan.
6. Environmental Management Strategy.

I note plans 1-5 have been submitted to the Department for approval, I also note that consultation is either ongoing or is completed with the relevant state agencies and council. I note plan 6 will be lodged shortly.

You state extra time is needed until 31 August 2022 to finalise the plans due to ongoing consultation and the time taken for the Department to review and approve the plans.

Consequently, I grant an extension until 31 August 2022 to approve the management plans listed above.

In the meantime, you must continue to implement the existing management plans for the mine. Also you must not undertake development relevant to the unapproved management plans until they are approved.

If you wish to discuss the matter further, please contact me via carl.dumpleton@planning.nsw.gov.au.

Yours sincerely

Carl Dumpleton
