Dear Les

**Marulan South Limestone Mine (SSD 7009)  
Joint Community Consultative Committee Request**

I refer to your letter dated the 25<sup>th</sup> of October 2021, regarding the combination of the Community Consultative Committee (CCC) for Peppertree Quarry (MP06\_0074) and Marulan South Limestone Mine (SSD 7009), under condition A25 of Schedule 2 of the Marulan South Limestone Mine (Marulan South) development consent.

I note that under condition A25 a CCC may be combined with another CCC of an adjoining mine or quarry with common, shared or related ownership or management. Additionally, the CCC for Peppertree Quarry has been established and operated since 2012 and I note the similar environmental performance objectives and the shared community engagement footprint for both developments.

Accordingly, I grant approval to establish and operate the Marulan South CCC in combination with the Peppertree Quarry CCC. Please ensure the Chair and relevant members of the CCC are notified.
