Dear Mrs Blomberg

**Borg Panels Timber Processing Facility Expansion (SSD-7016)
Updated Operational Environmental Management Plan**

I refer to the Operational Environmental Management Plan (OEMP) which was submitted in accordance with Condition C10 of Schedule 2 of the consent for the Borg Panels Timber Processing Facility Expansion (SSD-7016) which requires the OEMP to be updated in response to a modification to the proposal.

The Department notes the OEMP describes the operational management procedures for both the Existing Development and Project (as defined in the consent) and as modified by the previous three modifications.

The OEMP includes the following sub-plans:

- Operational Air Quality Management Plan (Conditions B5 / B6)
- Operational Noise Management Plan (Conditions B18 / B19)
- Mobile Wood Chipper Operation Management Plan (Condition B24)
- Surface Water Management Plan (Conditions B32 / B33)
- Waste Management Plan (Condition B51).

The Department has carefully reviewed the OEMP and is satisfied that it has been prepared in accordance with Condition C10 and meets the requirements as set out in Conditions C4 and C6.

Accordingly, the Planning Secretary has approved the following:

- Operational Environmental Management Plan (Revision 2, dated 4 February 2021)
- Operational Air Quality Management Plan (Revision 5, dated 23 March 2020)
- Operational Noise Management Plan (Revision 8, dated 6 October 2020)
- Mobile Wood Chipper Operation Management Plan (Revision 3, dated 2 November 2018)
- Surface Water Management Plan (Revision 6, dated 27 November 2020)
- Waste Management Plan (Revision 3, dated 18 January 2021).

Please ensure that the approved plan is placed on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact David Koppers on 9373 2869 or at david.koppers@planning.nsw.gov.au.

Yours sincerely
