Mr Andrew Brady
Environment and Safety Manager
Borg Manufacturing, Oberon
2 Wella Way
Somersby NSW 2250

24 October 2022

**Borg Panels Timber Processing Facility
Operational Environmental Management Plan and associated sub-plans**

Dear Mr Brady

I refer to the Operational Environmental Management Plan (OEMP) and associated sub-plans which were submitted in accordance with Condition C10 of Schedule 2 of the consent for the Borg Panels Timber Processing Facility Expansion (SSD-7016). Condition C10 requires the OEMP to be updated in response to the submission of an Annual Review.

The Department notes the OEMP describes the operational management procedures for both the Existing Development and Project as defined in the consent (as modified).

The OEMP includes the following sub-plans:

- Operational Air Quality Management Plan (Conditions B5 / B6)
- Operational Noise Management Plan (Conditions B18 / B19)
- Mobile Wood Chipper Operation Management Plan (Condition B24)
- Surface Water Management Plan (Conditions B32 / B33)
- Waste Management Plan (Condition B51).

The Department has carefully reviewed the OEMP and is satisfied that it has been prepared in accordance with Condition C10 and meets the requirements as set out in Conditions C4 and C6.

Accordingly, the Planning Secretary has approved the following:

- Operational Environmental Management Plan (Revision 4, dated 16 August 2022)
- Operational Air Quality Management Plan (Revision 8, dated 16 August 2022)
- Mobile Wood Chipper Management Plan (Revision 6, dated 16 August 2022)
- Surface Water Management Plan (Revision 8, dated 16 August 2022)
- Waste Management Plan (Revision 5, dated 16 August 2022).

Should you have any further enquiries, please contact Pamela Morales, Industry Assessments, at the Department on (02) 9274 6386 or via pamela.morales@planning.nsw.gov.au.

Yours sincerely
