Mr James Cole
Senior Heritage Assessments Officer
Heritage NSW
Parramatta

heritagemailbox@environment.nsw.gov.au

Dear Mr Cole

Re: Burrah Park Aboriginal heritage - response

I refer to the letter from Heritage NSW dated 28 January 2026 from Alison Lamond to David Schwebel at the Department of Planning, Housing and Infrastructure regarding the Burrah Park Aboriginal cultural heritage assessment.

I have previously provided evidence of Aboriginal consultation undertaken throughout the project sufficient to demonstrate that all stakeholders have been consulted. I am happy to provide the additional details as requested in your letter which requests the following information (in italics).

As identified in the previous submission from Heritage NSW, please provide all consultation documentation from the 2024 phase of consultation, including both outgoing and incoming emails and/or postal notifications for each stage. Noted areas where additional information is required include:

a. Correspondence sent to all statutory agencies

In my original response of 14 April 2025 to the HNSW comprehensive submission I provided a template letter including the text issued to all agencies. I documented in my comprehensive correspondence spreadsheet that correspondence including this text was issued to each agency. I did not include a copy of each letter to each agency in my previous response to HNSW because they were all the same with the exception of the addressee.

I include a copy of each letter to each agency and their response if provided.

b. Clear evidence that all Registered Aboriginal Parties (RAPs) were provided with the project methodology for review, such as copies of email correspondence with all relevant email addresses shown.

Correspondence is attached.

c. Evidence that Nattai Aboriginal Culture & Heritage Consultation Service were provided a copy of the draft ACHAR for review on 1 August 2025 as referenced in Attachment A of the ACHAR Addendum.

A copy of the email dated 12 September 2025 issuing the draft ACHAR Addendum report to all RAPs including Mr Alan Medhurst trading as Nattai Aboriginal Culture & Heritage Consultation Service was provided in the Addendum report on page 22. His email address, listed in the addressees, is "Alan Medhurst <ngunduwaa@live.com.au>".

I include another copy of the 12 September email below.

d. Evidence of responses from RAPs with comments on the ACHAR Addendum provided for consultation on 12 September 2025.

Responses were received from two RAPs agreeing with the report and these were described in the final Addendum report.

Copies of the response emails from the two RAPs are attached.

I trust the information herein provides the detailed response required by HNSW.

Yours faithfully,

Neville Baker
Director – Archaeologist

Request of information on Aboriginal parties - Badgerys Creek

1 message

Neville Baker <neville.baker@bakerarchaeology.com.au>
To: srandall@deerubbin.org.au

18 March 2024 at 13:15

Hi Steve,

As mentioned last week in our phone conversation please find attached a request for information on relevant Aboriginal parties to invite to a process of Aboriginal consultation for the Burra park development, Badgerys Creek. This development is restarting with new land owners and new plans.

best regards

Nev

Our ref: 1901707

Mr Steve Randall
Deerubin Local Aboriginal Land Council
PO Box 40
Penrith
NSW 2751

Dear Steve,

**Re: Identification of Aboriginal Stakeholders for Burra Park land at
Badgerys Creek**

Baker Archaeology, on behalf of HB&B Property Pty Ltd, is preparing an Aboriginal Cultural Heritage Assessment Report (ACHAR) to inform planning for Lot 1 DP1287712 (1953-2109 Elizabeth Drive) comprising 280 hectares of land fronting the northern side of Elizabeth Drive between Badgerys and Cosgroves creeks at Badgerys Creek in Penrith Local Government Area.

Development of an Employment and Logistics Precinct on part of the land south of the M12 corridor will be subject to a State Significant Development (SSD) Application. The SSD applicant or applicant for future Aboriginal Heritage Impact Permit(s) (AHIP) will be HB&B Property of Ground floor, 55-59 Regent Street, Chippendale NSW 2008. The contact person is Mr Liam Donsworth, Development Manager, ldonsworth@hbbproperty.com.au.

An Aboriginal Cultural Heritage Assessment Report will be prepared to assist the proponent in land-use planning.

In accordance with the Heritage NSW *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (DECCW 2010) Baker Archaeology requests information about relevant Aboriginal persons and Aboriginal organisations who you consider may have cultural knowledge and should be invited to register for consultation. The investigation area occurs in Darug country within the boundaries of the Deerubbin Local Aboriginal Land Council.

This is the third round of Aboriginal consultation for development within the land due to change of land ownership and change of development plans.

Would you please provide a list within by 1 April 2024 to:

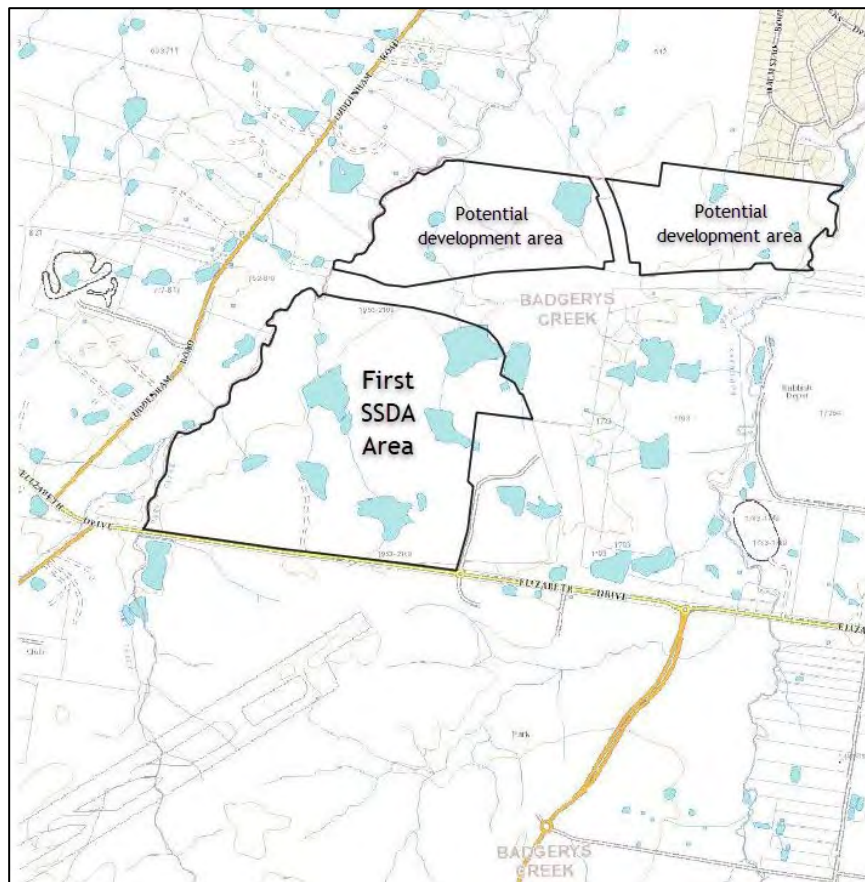

Neville Baker
Baker Archaeology
PO Box 8225
Glenmore Park NSW 2745
consult@bakerarchaeology.com.au

Information received after 1 April 2024 may not be considered in the consultation process due to the assessment timeframe.

Yours sincerely

Director – Archaeologist

Burra Park location showing land parcels separated by transport corridors.

consult@bakerarchaeology.com.au

Information received after 1 April 2024 may not be considered in the consultation process due to the assessment timeframe.

Yours sincerely

Director – Archaeologist

Burra Park location showing land parcels separated by transport corridors.

**LIST OF ABORIGINAL STAKEHOLDERS FOR THE DEPARTMENT OF PLANNING AND ENVIRONMENT (DPE) HELD BY DPE FOR THE PURPOSES OF THE OEH
ABORIGINAL CULTURAL HERITAGE CONSULTATION REQUIREMENTS FOR PROPONENTS 2010**

The purpose of this letter is to assist you as the proposed applicant in undertaking Aboriginal community consultation in accordance with the relevant legislation and guidelines.

The consultation process involves getting the views of, and information from, Aboriginal people and reporting on these. It is not to be confused with other field assessment processes involved in preparing a proposal and an application. Consultation does not include the employment of Aboriginal people to assist in field assessment and/or site monitoring. Aboriginal people may provide services to proponents through a contractual arrangement however, this is separate from consultation. The proponent is not obliged to employ those Aboriginal people registered for consultation. Consultation as per these requirements will continue irrespective of potential or actual employment opportunities for Aboriginal people.

In accordance with Clause 60 (10) of the National Parks and Wildlife Regulation 2019, where an agreement of the kind listed below specifies or identifies a modified or alternative consultation process for the purposes of Part 6 of the National Parks and Wildlife Act 1974, the applicant is to undertake consultation in accordance with the modified or alternative process. The applicable agreements are:

- a) a registered Indigenous Land Use Agreement under the Native Title Act 1993 of the Commonwealth entered into between an Aboriginal community and the State,
- b) a lease entered into under Part 4A of the Act,
- c) an agreement entered into by the Secretary and a board of management reserved under Part 4A of the Act that has the consent of Aboriginal owner board members for the land concerned,
- d) an agreement entered into between an Aboriginal community and the Department of Planning, Industry and the Environment.

Where you believe your application is wholly or partially located within an area subject to any of the above agreements, please provide further correspondence (including mapping, if required) detailing the applicable agreement and its relationship to the application area to heritagemailbox@environment.nsw.gov.au. Heritage NSW will respond with further advice.

Where the above does not apply, please proceed with consultation in accordance with the Clause 60 (1-9) of the National Parks and Wildlife Regulation 2019 and Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010 (the "Consultation Requirements"). A copy of the Consultation Requirements can be found on the OEH website at: <http://www.environment.nsw.gov.au/resources/cultureheritage/commconsultation/09781ACHconsultreq.pdf>.

Under the Consultation Requirements, a proponent is required to provide Aboriginal people who may hold cultural knowledge relevant to determining the cultural significance of Aboriginal objects and/or places as relevant to the proposed project area, with an opportunity to be involved in consultation. Section 3.3.1 of the Consultation Requirements states that Aboriginal people who can provide this information are, based on Aboriginal lore and custom, the traditional owners or custodians of the land that is the subject of the proposed project.

The Consultation Requirements also state that:

Traditional owners or custodians with appropriate cultural heritage knowledge to inform decision making who seek to register their interest as an Aboriginal party are those people who:

- continue to maintain a deep respect for their ancestral belief system, traditional lore and custom

- recognise their responsibilities and obligations to protect and conserve their culture and heritage and care for their traditional lands or Country
- have the trust of their community, knowledge and understanding of their culture, and permission to speak about it.

This list is provided to proponents in accordance with Clause 60(2)(a)(i) of the National Parks and Wildlife Regulation 2019 and section 4.1.2 of the Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010.

The stakeholders identified on this list may have an interest in the proposed project area and may hold knowledge relevant to determining the cultural significance of Aboriginal objects and/or places.

How to use this list

- Contact the organisations/individuals who have indicated an interest in the relevant LGA/s and invite them to register an interest in your project.
- Do not reproduce the attached list in publicly available reports and other documents. Your report should only contain the names of the organisations and individuals who you have invited to register an interest in your project and those who have registered as stakeholders for your project.
- Note that the provision of this Aboriginal stakeholder list does not override a proponent's requirement to also advertise in the local newspaper and to seek from other sources the names of any other Aboriginal people who may hold cultural knowledge as required under clause 60 (2) of the National Parks and Wildlife Regulation 2019.
- Please refer to Clause 60 of the National Parks and Wildlife Regulation 2019 and the Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010 for further information on the requirements of the consultation process.
- If contact details of stakeholders are found to be incorrect or outdated, please contact heritagemailbox@environment.nsw.gov.au.

Dear Local Land Services,

I am required by heritage NSW guidelines to ask your organisation for information on Aboriginal Parties to contact for consultation in regards to a development at Badgerys Creek.

I am aware that you wish requests like this would cease. I am sorry. They make us do it.

Please find attached a letter with my request.

Have a nice day.

regards.

Neville

Dear Sir/Madam,

**Re: Identification of Aboriginal Stakeholders for Burra Park land at
Badgerys Creek**

Baker Archaeology, on behalf of HB&B Property Pty Ltd, is preparing an Aboriginal Cultural Heritage Assessment Report (ACHAR) to inform planning for Lot 1 DP1287712 (1953-2109 Elizabeth Drive) comprising 280 hectares of land fronting the northern side of Elizabeth Drive between Badgerys and Cosgroves creeks at Badgerys Creek in Penrith Local Government Area.

Development of an Employment and Logistics Precinct on part of the land south of the M12 corridor will be subject to a State Significant Development (SSD) Application. The SSD applicant or applicant for future Aboriginal Heritage Impact Permit(s) (AHIP) will be HB&B Property of Ground floor, 55-59 Regent Street, Chippendale NSW 2008. The contact person is Mr Liam Donsworth, Development Manager, ldonsworth@hbbproperty.com.au.

An Aboriginal Cultural Heritage Assessment Report will be prepared to assist the proponent in land-use planning.

In accordance with the Heritage NSW *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (DECCW 2010) Baker Archaeology requests information about relevant Aboriginal persons and Aboriginal organisations who you consider may have cultural knowledge and should be invited to register for consultation. The investigation area occurs in Darug country within the boundaries of the Deerubbin Local Aboriginal Land Council.

This is the third round of Aboriginal consultation for development within the land due to change of land ownership and change of development plans.

Would you please provide a list within by 1 April 2024 to:

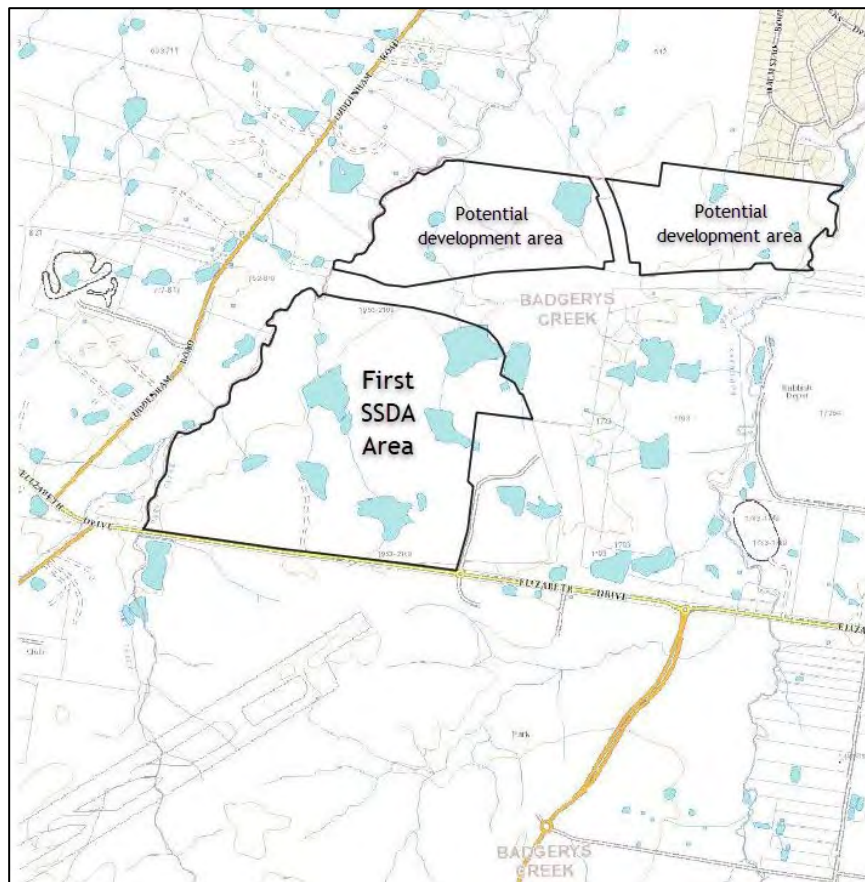

Neville Baker
Baker Archaeology
PO Box 8225
Glenmore Park NSW 2745
consult@bakerarchaeology.com.au

Information received after 1 April 2024 may not be considered in the consultation process due to the assessment timeframe.

Yours sincerely

Director – Archaeologist

1901707 Draft Method 14Apr24.pdf

1101K

14 April 2024

Our reference: 1901705

The Aboriginal Party

Dear friend,

Re : SSDA Draft Assessment Methodology– Aboriginal Cultural Heritage Assessment for Burra Park land at Badgerys Creek

I am writing to you because you registered for consultation for the Aboriginal cultural heritage assessment of the Burra Park Industrial development lands at Badgerys Creek. The land is being developed by HB&B Property Pty Ltd. The contact person for the proponent is Liam Donsworth: ldonsworth@hbbproperty.com.au.

Please note that this is the fourth round of consultation on the Aboriginal cultural heritage assessment methodology relating to development on the land. The land has a new owner and there are new development plans (attached). Assessment of Aboriginal heritage has been ongoing since 2019, with assessment of the M12 corridor through the land in 2018.

This draft methodology is issued in accordance with section 4.3 of the *Aboriginal Cultural Heritage Requirements for Proponents 2010* (DECCW 2010).

You are invited to provide Aboriginal cultural heritage information which you think should be considered in the current assessment and ongoing assessments.

This letter presents information for your response as consultation and is not an offer of employment or commercial engagement.

Proposed Development

This consultation relates to the Aboriginal cultural heritage assessment of land bordered by Elizabeth Drive, Cosgroves Creek, and the M12 Motorway. The area is shown on the map below.

Development of an Employment and Logistics Precinct on the land will be subject to a State Significant Development (SSD) Application. Further information will be presented in a meeting at a time to be determined in the coming weeks.

Draft Methodology

The following draft methodology is provided for your review. I welcome comments at your earliest opportunity.

The methods for assessment will follow the following guidelines:

- *Code of Practice of the Archaeological Investigation of Aboriginal Objects in NSW* (DECCW 2010)
- *Guide to Investigating, Assessing and Reporting on Aboriginal Cultural Heritage in NSW* (OEH 2011)

The purpose of the assessment is to identify the Aboriginal heritage values of all areas affected by the development. The assessment will form part of any AHIP application that may be required.

Aboriginal heritage values will be identified from the following methods:

- consultation with the Aboriginal community to identify social values of the study area and places of special significance that should be considered
- a search of the Aboriginal Heritage Information Management System (AHIMS - Aboriginal Sites Register) for records of previously registered Aboriginal sites
- a review of any relevant Aboriginal heritage reports covering the study area
- a review of environmental characteristics to develop a landscape map of possible archaeological site location
- results of the previously conducted archaeological survey of the larger 343 hectare land parcel which involved three days of field survey
- results of previous archaeological test excavations along Cosgroves Creek within the study area shown on the attached map
- an additional one-day site meeting and presentation to familiarise registered Aboriginal parties with the results of archaeological investigations to date

No new fieldwork is proposed. There has been comprehensive survey and test excavation already conducted within the study area with extensive stone artefact deposit areas already identified along the margin of Cosgroves Creek. New field survey would not provide meaningful contribution to the existing archaeological results.

The scientific values of Aboriginal sites recorded during past field investigations will be assessed in the ACHAR. Other Aboriginal heritage values must also be documented and discussed in the ACHAR. Additional reporting may be prepared in the event of further archaeological fieldwork for development stages.

Consultation may be conducted to assist the Connecting with Country design process. Guidelines relating to Connecting with Country may be accessed at <https://www.governmentarchitect.nsw.gov.au/projects/designing-with-country>

I will provide a preliminary draft ACHAR to you for comment in mid-May 2024 allowing time for review and comment by Mid-June 2024.

Please send your response to the address below at your earliest convenience and within 28 days of this letter and no later than 13 May 2024. Email is preferred.

Hi Justine,

The fieldwork has been done on the land. DCAC was involved in the fieldwork. This ACHAR is a re-draft of previous reports and primarily the previous survey and test excavation results.

I'm certainly planning an on-site meeting to discuss the development and its impacts on Aboriginal cultural heritage, and to get community views on assessment of heritage values and impact mitigation measures.

The Connecting with Country process in development design will be addressed by another consultant, Christian Hampson from Yerrabingin, but we can touch on it. I'll be in touch with Christian about our meeting.

best regards

Neville

Dear Alan,

Due to a typo in my digital email lists, I did not send this email to you as part of the distribution of the Draft Burrah Park ACHAR for review. (I added a wrong space in your email address: apologies and I welcome your review and response all aspects of the ACHAR and especially the identification of Aboriginal heritage values and management recommendations. I welcome your response at your earliest opportunity and by 30 August 5pm.

best regards

Neville Baker
Baker Archaeology
0428 378 939

The email sent to other RAPs on 27 May 2024 follows:

#####

Dear friend

Please find attached a draft Aboriginal Cultural Heritage Assessment Report (ACHAR) for your review and comments. Your written response will be referred to in the finalised ACHAR.

Please provide written feedback within 28 days and by 25 June 2024 5pm. I am happy to receive comment after that time period. Please let me know if you require more time and we can allow.

MAIN POINTS

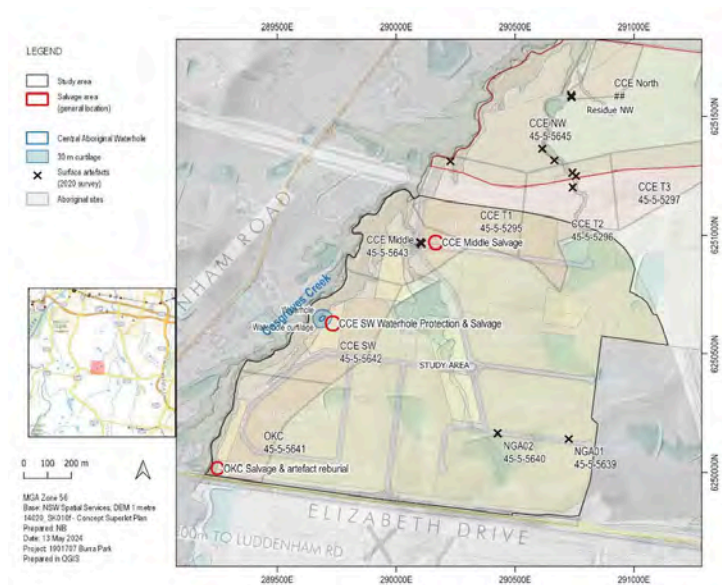

- Test excavation has identified a continuous archaeological deposit along the major Cosgrove Creek and its tributary Oak Creek.
- A low density artefact distribution is present within the topsoil in the north of the study area.
- These areas will be partially impacted by proposed industrial development and associated infrastructure construction.
- Conservation of the Central Aboriginal Waterhole on Cosgroves Creek and a 30 metre curtilage will provide a focus of landscape design for ongoing appreciation of Aboriginal
- Salvage excavation is proposed at a number of locations to mitigate impact.

I am happy to chat about this.

A site meeting is proposed in the near future to allow discussion and further presentation of the development plans and seek feedback on identified Aboriginal Cultural Heritage values.

regards

Nev Baker

Dear friend,

I am writing to you because you or your organisation registered for consultation on the Burrah Park Industrial Development Aboriginal cultural heritage assessment sometime between 2020 and 2024. This is the development opposite the new Western Sydney Airport on Elizabeth Drive.

Heritage NSW has requested consideration of changes to the Development Concept Plan made after finalisation of the ACHAR.

I include for your review and comment a short ACHAR addendum report which addresses the Heritage NSW request.

I also include the 2024 ACHAR Volumes 1 and 2 for your reference.

I welcome your comments to be received by Monday 13 October 2025.

Dear friend,

I am writing to you because you or your organisation registered for consultation on the Burrah Park Industrial Development Aboriginal cultural heritage assessment sometime between 2020 and 2024. This is the development opposite the new Western Sydney Airport on Elizabeth Drive.

Heritage NSW has requested consideration of changes to the Development Concept Plan made after finalisation of the ACHAR.

I include for your review and comment a short ACHAR addendum report which addresses the Heritage NSW request.

I also include the 2024 ACHAR Volumes 1 and 2 for your reference.

I welcome your comments to be received by Monday 13 October 2025.

1901707 Burrah Park ACHAR Vol.1 26Sep24.pdf

1901707 Burrah Park ACHAR Vol.2 26Sep24.pdf

best regards

Nev Baker

Hi Neville

I have read the project information and ACHA for the above project, I agree with the recommendations.

Thanks
