APPENDIX D – DIAL A DUMP WASTE MANAGEMENT PLAN

Commercial in Confidence

CONFIDENTIAL WASTE MANAGEMENT PLAN

17 March 2015

Commercial in Confidence

WASTE MANAGEMENT PLAN

Created for: Mirvac

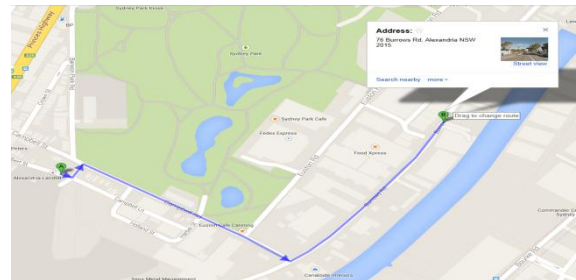

Site Name & Address: 2 Figtree Drive (Site 53), Sydney Olympic Park, NSW 2127

Recycling is a vital means whereby Australia's natural resources are conserved and efficiently utilised.

Dial A Dump's aim is to work together with your company to develop a waste management system centred around resource recovery and recycling and that assists your company in meeting its Waste Compliance Criteria and obligations, namely the re-use or recycling of 87% of waste by weight.

Dial A Dump is licensed by the EPA to transport (Licence number: 11303, store, recycle, reprocess and dispose of wastes. Accordingly, all waste is collected and transported by **Dial A Dump** then returned to our Recycling Centres which are situated at Alexandria No 76 Burrows road Alexandria or Honeycomb Drive Eastern Creek.

Alexandria

Eastern Creek

Commercial in Confidence

RECYCLING AND LANDFILL FACILITY
Honeycomb Drive, Eastern Creek

- From the M7 take the Wallgrove Road Exit
- Turn into Wonderland Drive and continue to the end
- Take second exit at Kmart roundabout into Honeycomb Drive and follow concrete road to the Facility

From here, only a small percentage is taken off site for disposal (Special or Restricted or hazardous wastes) or committed to landfill. It is in both **Dial A Dump** and our customers' interest to ensure as much waste as possible is committed to re-use and we welcome customers who may wish to view our Recycling facilities for themselves.

Wastes

Wastes are described by many different names and come in many different types; industrial, commercial, building and demolition, clinical, solid, domestic, putrescible, non-putrescible, hazardous, household, inert, municipal, and trade waste. They are defined for regulatory purposes in the Protection of the Environment Operations Act.

For practical purposes New South Wales has adopted a waste management hierarchy that prioritises ecological sustainable waste solutions. The hierarchy consists of

- 1 Avoiding waste,
- 2 Re-using materials,
- 3 Recycling and reprocessing materials
- 4 Waste disposal.

Waste Reduction

It is **Dial A Dump's** aim to achieve an 87% reduction in waste being disposed of – an aim that is consistently exceeded by **Dial A Dump** by means of innovative resource recovery and processing. The clients of **Dial A Dump's** waste management service can justly claim that they are achieving the Government's goal in waste minimisation and meeting their Waste Compliance Criteria.

Waste Management

Wastes need to be managed in order to comply with every aspect of the legislation covering wastes. The waste management service provided by **Dial A Dump** is a total waste management service. By engaging **Dial A Dump** to manage wastes, a waste generator has exercised complete due diligence. **Dial A Dump** assumes the responsibility and requirements for the correct collection, transport, storage and disposal of wastes.

The waste management service of **Dial A Dump** covers all aspects of all wastes, a complete and thorough service to assist industry, a significant service that is *Keeping Australia Clean*.
