Dear Sir / madam

Coraki Quarry – Submission of updated Transport Management Plan

KIS Quarries Pty Ltd (KIS) is the operator of the Coraki Quarry (the quarry) located at Petersons Quarry Road, Coraki (the site).

The Independent Traffic Audit (ITA) was prepared and submitted to the Department in accordance with Condition 28 of Schedule 3 of the development consent for the Coraki Quarry Project (SSD 7036) (the approval). The ITA recommended that the Transport Management Plan (TMP) be updated to 'note that the Pacific Highway now bypasses Woodburn and the most direct route to and from the quarry to the Pacific Highway is now via Uralba Street rather than River Street through the Woodburn village'.

The Department advised by letter dated 30 July 2021 that the ITA report generally satisfied the reporting requirements and requested that the updated TMP be submitted separately through the Major Project Website for assessment.

In accordance with Condition 4 of Schedule 5 of the approval, we now submit the updated TMP (Attachment 1) for assessment. Please refer to Section 3 (page 2) which now includes a note at the bottom of Figure 1 as per the recommendation of the ITA.

If you have any questions, please contact me on 0406 680 969.

Yours faithfully
Groundwork Plus
