I wish to confirm my previous objections to this proposed development. I am totally against ANY development on this site which should clearly remain open and available to the public now and for the future.

The Rocks is an heritage area and a very popular destination. Its main draw card is the fact that it has maintained its heritage in context, and continues to be a fine reminder of Sydney's past. This proposal is a "slap in the face" to that concept.

Even the revised proposal will still block the northern end of Campbell's Stores - which should be allowed to stand in their own space.

Certainly the existing building next to Bay 11 should be removed
