Subject: RE: FASS - Design to RMS

Jana,

Thanks for the feedback.

The complete submission in response to the SEAR's will be lodged mid June 2016. In the interim I have attached an updated design pack including further information above the design pack previously issued.

Let me know if you have any further comments.

Thanks

Regards

Hi Adam,

Roads and Maritime cannot really comment much on the design until all the information is provided. When the SEAR's is referred all the information requirement will be highlighted and at the stage the information is received then a detail assessment can be made. Thanks.

Subject: FASS - Design to RMS

Gordon,

The University of Sydney is currently preparing a State Significant Development Application(SSDA) for a new building at the Ross St Entrance of our Camperdown Campus. The project is for the Faculty of Arts and Social Sciences(FASS) and is a combination of General Teaching Spaces and Offices.

We would like to provide the Roads and Maritime Services the opportunity to review the design prior to our SSDA submission and provide any feedback for incorporation/consideration into the design.

Attached is a brief presentation of the project for your reference. Are you able to confirm if you require a further detailed presentation in your offices or is reviewing the attached via email sufficient?

I will call to discuss in further detail.

Regards
