Good Morning,

A partial Response to Submissions (PART A) was received for the United Wambo Open Cut Coal Mine Project and comment requested by **21 April 2017**.

Can you please advise whether the RTS – PART A has addressed the concerns or issues raised.

Please feel free to contact me if you have any queries regarding the above.

Kind Regards

**Melanie Hollis**

**Subject:** United Wambo Open Cut Coal Mine Project (SSD 7142, DA 305-7-2003 MOD 16 and DA 177-8-2004 MOD 3) Response to Submissions - Part A

Dear all,

**United Wambo Open Cut Coal Mine Project (SSD 7142, DA 305-7-2003 MOD 16 and DA 177-8-2004 MOD 3)  
Response to Submissions - Part A  
Response to Submissions**

The Department has received a **partial** Response to Submissions (Part A) from Glencore for the United Wambo Open Cut Coal Mine Project (SSD 7142) and associated modifications to the Wambo Coal mine (DA 305-7-2003 MOD 16 and DA 177-8-2004 MOD 3).

Glencore has identified that it will be providing its responses to matters raised in submissions in two parts.

**Part A** of the Response to Submissions includes Glencore's response to all matters raised in public and agency submissions on the project, with the exception of comments related to biodiversity and the issues raised by the Independent Expert Scientific Committee on Coal Seam Gas and Large Coal Mining Development (IESC). Glencore has identified that it will address biodiversity and IESC matters in a separate **Part B** Response to Submissions, which will be provided to the Department in near future.

The Department acknowledges that some agencies may require the provision of the Part B RTS before they are able to provide comprehensive comments on the adequacy of Glencore's responses to water resource and biodiversity matters.

Nevertheless, to facilitate the early identification of any other outstanding or residual matters, the Department is now seeking your agency's respective feedback on the Part A RTS. It would be appreciated if you could review the Part A RTS and write to the Department by **COB Friday, 21 April 2017**, advising whether this document has adequately addressed the concerns and comments raised in your submissions on the proposal. Any recommended conditions of consent would also be appreciated.

As the Department is yet to receive the complete RTS (ie Part A and Part B), these documents are not currently available on our website. Once both documents have been submitted to the Department, the complete RTS package will be made publically available. In the meantime, the RTS Part A can be downloaded from the below sharefile link.

<https://planningmelaniehollis.sharefile.com/d-s5513f2374d84f449>

Please feel free to contact me if you have any queries regarding the above.

Kind Regards

**Melanie Hollis**
