Hi Jarred,

Thank you for sending through supplementary information for the Hume Coal Project.

The Department has considered the information and is satisfied that the Berrima Rail Project does not need to be included as part of the referred action for the Hume Coal Project (EPBC 2015/7526). On this basis, we are progressing finalisation of the current Hume referral and will advise you as soon as a decision on the referral is made.

If you have any queries, please contact me on [REDACTED]
