Dear Mr. Betts,

This letter responds to Condition C5B of the SSD 7228 MOD 3 Consent for the Sydney Zoo, which requires a Traffic Verification Report be submitted to the satisfaction of the Planning Secretary.

The activities identified in Condition C5B, being the private zoo experiences and small group tours, have not yet commenced operation (noting the Zoo was closed from 25 March 2020 for several months due to COVID-19). As such, there has been no traffic impacts relating to those activities between 7.30am and 9am as of yet, and no management or mitigation measures are required at this stage.

Given this, it is proposed that a follow up Traffic Verification Report be prepared and provided to the Planning Secretary within 6 months of the commencement of those activities, which will enable the relevant data to be obtained and verified, and Sydney Zoo therefore requests the Secretary grant this extension of time.

Yours sincerely,

Jake Burgess
Managing Director
