**Bowmans Creek Wind Farm (SSD-73123714) (Muswellbrook Shire) CASA Comments on SEARs**

CASA has reviewed the Aviation Safety sections of the Draft SEARs and the Scoping Report (6.2.7.1) for the proposed Bowmans Creek Wind Farm Stage 2.

The Scoping Report advises: up to 21 wind turbine generators of tip height up to 250m.

CASA has no issues with the Aviation Safety section of the Draft SEARs and no additional assessment requirements.

Yours sincerely
