Dear Mr Smith

**Oakdale West Estate (SSD-7348)**  
**Extension of Rehabilitation and Restoration Works Completion Date**

I refer to your correspondence dated 29 March 2021 seeking extension of time to complete rehabilitation and restoration works in the vegetation management area in accordance with Condition D91, Schedule D of the Oakdale West Estate development consent (SSD-7348).

The Department has carefully reviewed the request and notes the extension is required to address recent Ropes Creek flooding impacts which have delayed plant stock installation in the vegetation management area.

Accordingly, the Planning Secretary has approved a six-month extension for completing the rehabilitation and restoration works in the vegetation management area. The completion date now is 25 September 2021.

If you wish to discuss the matter further, please contact Bruce Zhang, Senior Environmental Assessment Officer, on 02 9274 6137 or at [Bruce.Zhang@planning.nsw.gov.au](mailto:Bruce.Zhang@planning.nsw.gov.au).

Yours sincerely
