REVISÉD ENVELOPE

Note:
Hatched area shown not included as part of this modification application. Refer to original approved drawing for this aspect of the development.

A 3D model of a dark blue, elongated, curved object, possibly a piece of equipment or a component, resting on a light blue base. The object has a smooth, curved surface and a dashed line along its top edge. The base consists of several rectangular blocks of varying heights.

A 3D perspective view of a dark brown, textured, curved object, possibly a shoe sole or a mold, resting on a red, stepped base. The object has a series of parallel lines along its length, suggesting a ribbed or grooved surface. The base is composed of several red rectangular blocks of varying heights, creating a stepped effect. The entire scene is set against a plain white background.

A 3D perspective rendering of a dark blue, curved object, possibly a vehicle or a large container. The object has a dashed black outline and a blue base.

A 3D perspective view of a curved, layered structure, possibly a book or a stack of pages. The structure is dark red/brown with many thin, horizontal layers. It is supported by a red base consisting of several rectangular blocks of varying heights. The top surface is curved, and the edges are slightly irregular, suggesting a handcrafted or organic form.

NOTES

- DO NOT SCALE DRAWINGS. WRITTEN DIMENSIONS GOVERN.
ALL DIMENSIONS ARE IN MILLIMETRES UNLESS NOTED OTHERWISE.
