

 Overshadow by Science and Engineering Building

Shadows on the North Elevation of Adjacent Buildings

 Facade overshadowed by Science and Engineering Building

## 5.3 Building in Context - Photomontages

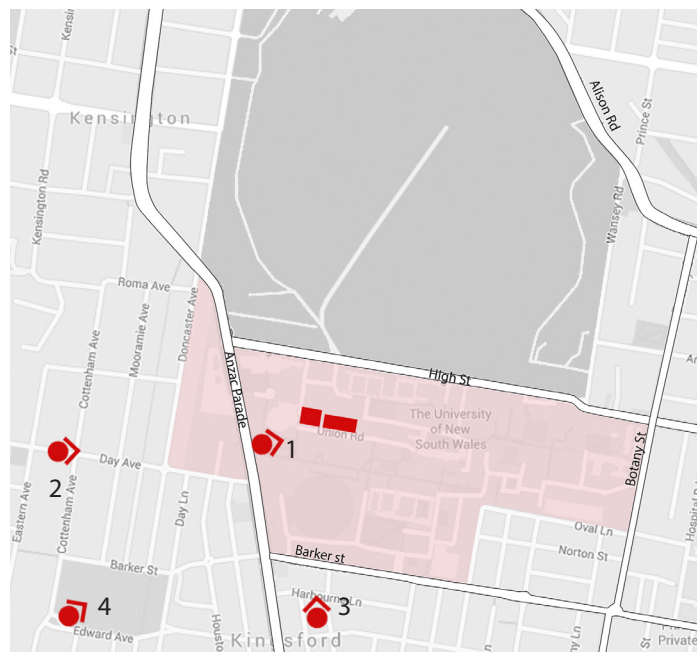

The following views from in and around the site illustrate the visual impact of the Science and Engineering Building on the surrounding area. This study concludes that the building is only partly visible from any view outside the campus. Other views of the building are wholly or partially restricted by existing vegetation and buildings as shown in the following images.
