Subject: Fwd: MPE Stage 2 - OEH comments - Biodiversity and Aboriginal cultural heritage

Hello Dominic and Karen,

OEH have reviewed the revised BAR and the responses from Arcadis on the matters raised and, apart from the following minor issues, consider the revised BAR adequate:

- Section 6.3.1 - The 'Amended Proposal Site' area contains four (not two) PCTs (confirmed by figure 6-1 and table 6-8).
- Table 7-2 - The *Wahlenbergia multicaulis* entry should be removed as the MPE site is outside the defined population area. The *Hypsela sessiliflora* entry should also be removed as it was delisted by the NSW Scientific Committee in 2016.

With regards to any recommended consent conditions I refer to my 24 October email to Karen Harragon (see attached). OEH remains available to advise on any draft conditions.

Regards

Susan Harrison
