Subject: Contamination Management Plan (version 11) for Moorebank Precinct East (B134 of SSD 7628)

Dear Mr Wiltshire

I refer to your submission dated 22nd April 2022, requesting approval of the Moorebank Precinct East Contamination Management Plan (rev 11, 22 February 2022, document EP1280.001_MPE_CMP_v11). I also acknowledge your response to the Department's review comments and requests for additional information.

I note the Contamination Management Plan:

- Has been reviewed by the Applicant and no issues have been raised with the Department;
- Has been reviewed the engaged EPA accredited Site auditor, who considers that the plan is acceptable for managing contamination issues at the site during ongoing site redevelopment and construction works; and
- Contains the information required by the conditions of approval.

As nominee of the Planning Secretary, I approve the Contamination Management Plan (rev 11, 22 February 2022, document EP1280.001_MPE_CMP_v11) under Condition B134.

You are reminded that if there is any inconsistency between the approved document and the conditions of approval, then the requirements of the conditions of approval prevail. Please ensure you make the document and this approval letter publicly available on the project website at the earliest convenience. If you wish to discuss the matter further, please contact Lee McCourt at lee.mccourt@planning.nsw.gov.au

Yours sincerely
