**Moorebank Intermodal Precinct East – Stage 2 (SSD-7628)
Biannual Trip Origin and Destination Report, Condition B28**

I refer to the Biannual Trip Origin and Destination Report (BTODR) submitted to the Department of Planning, Housing and Infrastructure (the Department) dated 26 February 2024, prepared under condition B28 of SSD-7628.

It is noted the BTODR has been prepared under a framework that has been developed in consultation with Transport for NSW and the then Roads and Maritime Services. The reporting period covered in the BTODR is 1 May 2023 to 31 October 2023. It is also noted that the BTODR outlines the twenty-foot equivalent units dispatched and received during the reporting period, the period of time where the truck gate was operational and the average origin and destination movements for all surveyed vehicles.

Accordingly, the Department has filed the above BTODR for our information.

You are reminded that if there are any inconsistencies between the document listed above and the conditions of consent, the conditions will prevail.
