Noise Monitoring of Mechanical Plant and Other Equipment, Condition B85**

Dear Mr Howley

I refer to your Noise monitoring report of mechanical plant and other equipment for Warehouse E6 (the noise monitoring report) submitted to the Planning Secretary under condition B85 of SSD-7628.

I note the noise monitoring report:

- was reviewed by the Applicant, and no issues were raised to the Department;
- was prepared by Renzo Tonin & Associates, who are suitably qualified and experienced in acoustic assessment and monitoring;
- contains attended and unattended measurements from the Warehouse roof which were taken for 1 week period between 28 March 2025 to 11 April 2025; and
- has been submitted to the Department greater than 2 months since the occupation of Warehouse E6 in January 2025.

Accordingly, the Department has filed the Noise monitoring report of mechanical plant and other equipment for Warehouse E6, Revision 1 dated 11 May 2025, prepared by Renzo Tonin & Associated, for our information.

Please note if there are any inconsistencies between the submitted noise report and the conditions of consent, the conditions will prevail.

Also, please make the noise report including this letter available for public access on the project website at the earliest convenience.

Should you have any questions, please do not hesitate to contact Katherine Klouda at katherine.klouda@planning.nsw.gov.au.

Yours sincerely
