Dear Mr Yiend

**Moorebank Intermodal Precinct East – Stage 2 (SSD 7628)
Construction Erosion and Sediment Control Plan**

I refer to the submission dated 2 November 2020 requesting the approval of the revised Construction Erosion and Sediment Control Plan (CESCP), Revision 7 dated 30 October 2020 (Appendix A of the approved Construction Soil and Water Management Plan) seeking a revision under Condition C9 of SSD 7628.

I note the revised CESCP:

- has been updated to clarify the role of the Environmental Representative;
- has been reviewed by SMITA and no issues have been raised; and
- addresses the requirements of the condition of consent B39.

I therefore approve the revised CESCP, Rev 7.

I remind you that if there are any inconsistencies between approved documents and the conditions of consent, then the requirements of the conditions of consent will prevail.

Please ensure that the document is placed on the project website at the earliest convenience. If you wish to discuss the matter further, please contact Lee McCourt on 8289 6969 or Lee.McCourt@planning.nsw.gov.au.

Yours sincerely
