Karl Fetterplace

RE: SSD 7693 Intercontinental Hotel - Request for further advice

To Geoff Reinhard

Cc Rodger Roppolo

Hi Karl

We have viewed the applicant's proposed amendments to the building envelope and have no major issues. We have previously expressed our concern about the potential overshadowing impact of the proposed development on the RBG but are satisfied that the proposed amendments would appear to ensure that there would be no additional overshadowing of the Garden. On this basis we have no further comments to make.

Regards

Geoff Reinhard
