Dear Kate

State Significant Development Application SSD 7698 - 1A McIntosh Drive, Mayfield West (Application)

We refer to the Application and to the letter of objection to proposed development submitted by Ausgrid (now Alpha Distribution Ministerial Holding Corporation) on 25 November 2016.

The purpose of this letter is to confirm to the Department of Planning and Environment (DPE) that Ausgrid and the applicant have negotiated a full resolution to the matters raised in Ausgrid's letter dated 25 November 2016. This includes an agreement on revised terms for the Right of Carriageway benefiting the applicant's land and amendments to the applicant's Statement of Commitments, as shown in the attached documents.

Accordingly, Ausgrid no longer objects to the development as currently proposed in the Application, including any change to the Application that does not affect Ausgrid's interests as an adjoining landowner and operator of a nearby zone substation, does not have an impact on public safety, and is not inconsistent with the attached revised terms of the Right of Carriageway and amendments to the Statement of Commitments requested by Ausgrid.

Yours faithfully

A handwritten signature in blue ink, appearing to read "Phil Bratby", is positioned above the printed name.

Phil Bratby
