Dear Steve

RE: Environmental Representative Review for Submission of Construction Soil and Water Management Plan, Moorebank Logistic Park Precinct West Stage 2 & Stage 3

Thank you for providing the following document for Environmental Representative (ER) review prior to submission to the Secretary as required by Condition of Consent B12 (d) (i) of the Moorebank Precinct West (MPW) Stage 3 (SSD 10431) project:

- Construction Soil and Water Management Plan, Moorebank Logistic Park Precinct West Stage 2 & Stage 3, Revision 17 of 06/09/21; and
- Moorebank Precinct West – Moorebank Avenue, Moorebank Precinct West Stage 3 (MPW S3) Addendum to the MPW S2 Construction Soil and Water Management Plan, Revision 4e of 07/09/21 (the Addendum).

Together, the above documents form the Construction Soil and Water Management Plan, Moorebank Logistic Park Precinct West Stage 2 & Stage 3 (the CSWMP), which was prepared as required by Condition B22, and under the provisions of Condition B19 of the Conditions of Consent of SSD 10431. The Addendum is included in the CSWMP as Appendix L.

As the ER for the Moorebank Precinct West Stage 3 project, I have reviewed the CSWMP and now consider it suitable for submission to the Secretary for approval.

Yours sincerely

Rui Henriques
Environmental Representative – MPW Stage 3
