Subject: Amendment of Application

Dear Mr Mitchell,

I refer to the Amendment Report which was submitted on 29 May 2026 in accordance with the Environmental Planning and Assessment Regulation 2021 (the Regulation) for South Coree Battery Energy Storage System (SSD-77238990).

The Amendment Report has requested the following changes:

- extension of the development footprint to the southern boundary of Lot B DP961693;
- upgrade of the Riverina Highway / Canalla Road intersection;
- reduction in light vehicle traffic through the use of shuttle buses;
- clarification of subdivision for the project; and
- design refinements to increase separation distances between battery units.

The department has carefully considered the information provided in the Amendment Report and notes that the proposed amendments are in response to government agency advice and submissions on the project and aim to reduce or maintain the impacts of the project as a whole. Accordingly, I as delegate of the Minister for Planning and Public Spaces, I approve the application for the amendment.
