HILLVIEW WIND FARM (SSD-78329994) CASA (NO) COMMENTS ON SEARS

CASA has reviewed the Aviation Safety section of the Draft SEARs (under 'Hazards and Risks') and the Aviation Safety (section 6.8.1) of the Scoping Report for the proposed Hillview Wind Farm.

The Scoping Report advises up to approximately 55 wind turbine generators of tip height up to approximately 270m.

The Draft SEARs are satisfactory, and CASA has and no additional assessment requirements.

Yours sincerely

David Alder
