Siting Alternatives

Precinct Plan - Proposed
NTS

CONSIDERATION	IMPACT
Relationship to Neighbours	
The building responds to Fisher Library and the Great Hall, reinforcing the definition of University Place.	POSITIVE
Key Sightlines	
The building does not impede key sightlines to and from the Great Hall and Quadrangle.	POSITIVE
The primary and secondary views from Victoria Park are unaffected.	POSITIVE
Landscape	
The building is set below the canopy line, and maximises the retention of significant trees.	POSITIVE
The building is well integrated with existing landscape and levels.	POSITIVE
Allows retention of existing significant trees on all sides.	POSITIVE
Campus Open Space Network	
The entry forecourt is appropriately scaled for a building of this size and importance.	POSITIVE

Precinct Plan - Alternative 1 - Building Moved 15m East
NTS

CONSIDERATION	IMPACT
Relationship to Neighbours	
The building does not respond appropriately to Fisher Library and does not reinforce the definition of University Place.	NEGATIVE
Key Sightlines	
The building does not impede key sightlines to and from the Great Hall and Quadrangle.	POSITIVE
The primary and secondary views from Victoria Park are unaffected.	POSITIVE
Landscape	
The building dominates the landscape character at the entry off Parramatta Road.	NEGATIVE
The building projects above the canopy line when approaching from Victoria Park.	NEGATIVE
The building is not well integrated with existing landscape and levels, with more structure visible above ground level.	NEGATIVE
Several existing significant trees must be removed.	NEGATIVE
Campus Open Space Network	
The entry forecourt is too large and the entry is set back from University Place.	NEGATIVE
