**Subject:** RE: Horsley Drive Business Park - Works on WaterNSW Land

Good Morning Paul,

Thank you for your very quick response to our letter regarding your DA for SSD 7917, and works carried out on our land. Thank you also for the copies of the consultation with WaterNSW, which I will enter into our records system so that the information regarding this proposal is complete. Please note that Fran Kelly no longer works for WaterNSW, and all correspondence regarding this proposal, and any others on or adjacent to WaterNSW land should now be directed to me.

I accept that the designs and concept of the works being minor were agreed to by WaterNSW, as well as the consent to carry out the works on our land, prior to the actual works being carried out.

However the other issues identified in the WaterNSW letter of 19 December 2016 remain. I would like to meet with your Engineer and Contractor at the time they inspect the works, however I am on leave until 17<sup>th</sup> January – if the meeting is to be arranged for after that time, please let me know.

Regards

**Alison Kniha**
