Dear Ms Johnstone,

**Loreto School Staged Redevelopment (SSD 7919)
Measures as per Operational Transport and Access Management Plan, Condition A21**

I refer to your submission seeking satisfaction of the Planning Secretary that the measures recommended in the approved OTAMP have been implemented satisfactorily in accordance with condition A21 for the Loreto School Staged Redevelopment (SSD-7919). I also acknowledge and thank you for your response to the Department's review comments.

I note that the measures, as per the approved OTAMP, have been implemented:

- by the Applicant and no issues have been raised;
- in consultation with North Sydney Council;
- with written evidence by the Applicant to satisfy condition A21; and
- within six (6) months of the approved OTAMP.

Accordingly, as nominee of the Planning Secretary, I am satisfied that the measures, as per the approved Operational Traffic Management Plan, Version 2.4 dated 30 August 2021, have been implemented in accordance with condition A21 of SSD-7919.

Please ensure that the implemented measures are placed on the school's website at the earliest convenience.

If there is any inconsistency between the approved document and the conditions of consent, then the requirements of the conditions of consent will prevail.

If you have any questions or would like to discuss this matter, please contact Matt Wood at matthew.wood@dpie.nsw.gov.au.

Yours sincerely
