Hi Lauren,

Thanks.

NSWTA has no concerns from the Ben Bullen Wind Farm based on the turbine locations provided on 16th January 2025. If there are any changes to the locations, we will need to reassess for potential impacts into our Public Safety Network, in particular turbines that move any closer towards our microwave links currently licenced with the ACMA: 11185854/1 and 10677943/1.
