Carshare Service Provision Onsite 459 Chapel Rd, Bankstown

Dear Tom Fuggle,

Carshare Australia t/a GoGet strongly supports Sustainable Development Group Limited's proposed residential development at 459 Chapel Rd, Bankstown NSW 2200. We believe integrating a carshare service into this development will significantly benefit residents, tenants, and the surrounding community.

Professional carsharing services provide local residents and businesses with convenient access to a fleet of vehicles parked near their homes and workplaces, available for occasional use. These vehicles are stationed in designated parking spots, known as "pods," and must be returned to the same location after each trip. Each carshare vehicle has the potential to replace multiple privately owned vehicles, thereby increasing transport efficiency and reducing the strain on local parking and road infrastructure.

Upon approval of the development application (including the on-site carshare service), GoGet confirms its intent to enter into a Services Agreement with Anglican Church Property Trust Diocese of Sydney (ACPT) for the use of the approved carshare space(s).

To encourage adoption of this sustainable transportation option, we will offer all residents and tenants one year of free GoGet membership (a saving of \$169 per member at the time of writing), including discounted usage rates. This will further incentivise residents to reduce their reliance on private vehicles.

Please do not hesitate to contact me if you have any questions or require further information.

Kind regards,

A handwritten signature in black ink that reads 'Darcy Lechte'.
