

APPENDIX D COMMUNITY ENGAGEMENT SUMMARY TABLE

Stakeholder	How this group was consulted	Feedback received	Project response
Government Authorities			
Department of Planning and Environment	Email correspondence was issued to DPHI prior to the lodgement of these modification reports (dated 14 November 2024 and 19 November 2024) providing a summary of the proposed modifications in conjunction with the intended base build modifications. Additionally, email correspondence with DPHI was issued in 15 April 2025 on the acoustic assessment requirements.	DPHI provided feedback on 29 December 2024 that DPHI would like the proposed modification to be submitted separately to the base build modification package.	The proposal has been prepared, separate from the base build modification application as per DPHI's feedback.
Department of Climate Change, Energy, Environment and Water, specifically, NSW Environment Protection Authority	Request for feedback issued. No feedback had been received.
