Attention: Reg Struwig

Dear Reg,

RE: Lindfield Learning Village – COLA

We confirm that NBRS has undertaken progressive inspections throughout the construction and as of 26th May 2021 the Covered Outdoor Learning Area has been constructed from non-combustible materials to the best of our knowledge.

Note the following qualifications regarding our certification:

- This Statement is only in relation to the works completed to-date and as indicated in the Staging diagrams issued on the 18th of January 2021.
- Certification is limited to those items that could be visually inspected during site visits.
- Specialist services undertaken by various services consultants are certified by the relevant consultants. This statement is to be read in conjunction with their design statement.
- National Construction Code compliance is to be determined by the Principal Certifying Authority.

Yours Faithfully
NBRSARCHITECTURE
