Dear Stephen,

**Dendrobium Mine  
EIS for Areas 5 & 6**

The additional information provided by South32 has been reviewed. The commitment by South32 that there is negligible additional risk to public safety as a result of the Project is noted. It is recommended that the following is included in the development consent.

- That the mine will take measures to ensure that there is no mining induced cracking of the Avon and Cordeaux dam walls and their associated grout curtains.

Yours faithfully,

W. Ziegler  
Manager Mining Impacts  
Dams Safety NSW
