

Tree Protection Plan

Curl Curl North Public School

Tree Proposed to be Removed

Recommended Location of Tree Protection Fencing

-This plan was prepared with the Proposed First Floor Plan, TDK Architects, as a base.
-This plan is to be read in conjunction with the Arboricultural Impact Assessment (AIA) report prepared for this site, April 2017.
-Tree protection fencing is indicative only. Final positions should be determined with co-ordination between the Site Foreman and Project Arborist to allow adequate site access during construction.
