**RE: Solar Study Validation of Grimshaw Solar Imagery**

We confirm that the imagery contained within the solar shadow analysis for The Sydney Metro Martin Place Station SSDA Shadow Analysis prepared by Grimshaw and JPW (May 2017) has been verified and validated using our own independent study based upon the City of Sydney LEP statutory controls and the City of Sydney digital city model as received from Savills Australia and City of Sydney digital cadastre as received from Savills Australia and agree with the results contained within the study.  
I trust that this information is sufficient but please contact me on 9956 6003 should you have any further questions.

.

Yours sincerely,

Peter Noble
