Dear Trent,

RE: Alexandria Park Community School, Sports Field – s4.55 Design Statement

The design of the sports field located at the new Alexandria Park Community School shows that it can achieve normal disability access practice and meet the requirements of the Building Code of Australia, and relevant Australian Standards.

In particular the design can achieve compliance with the following:

BCA Part D3	Building Code of Australia 2016
AS 1428.1 - 2009	General Requirements of Access
Disability Access to Premises Standards 2010 (including DDA Access Code);	

Design is to be worked through at the DD/CC stage to ensure correct outcomes implied at this stage are followed through on. I am an experienced, qualified and competent person in this area and as such can state that the building systems and layout can comply with the above.

Full Name:	David Goding
