No part of this document may be reproduced or distributed in any form or by any means without prior permission from a representative of Austral Archaeology Pty Ltd. Austral Archaeology Pty Ltd also reserves the right to use documents and materials produced for this project for future presentations or publications, if required.

In the preparation of this report historical sources and other reference materials are acknowledged in text citations and in a separate section at the end of the report. Reasonable effort has been made to acknowledge and obtain permission from the relevant copyright owners.

ACKNOWLEDGEMENT OF COUNTRY

We respect and acknowledge the First Nations Peoples of the lands and waterways on which we live and work, their rich cultural heritage, and their deep connection to Country, and we acknowledge their Elders past and present.

CULTURAL WARNING

Aboriginal and Torres Strait Islander readers are advised that this report may contain images or names of First Nations people who have passed away.

The logo for Austral Archaeology features a stylized white icon of a person standing on a rock, with a circular element above their head, positioned to the left of the company name. The word "AUSTRAL" is written in a large, bold, white sans-serif font, and the word "ARCHAEOLOGY" is written in a smaller, bold, white sans-serif font directly beneath it.

STAGE 1.1: LETTERS TO AGENCIES

STAGE 1.1 OUTGOING

**RE: STAGE 1 – REQUEST FOR INFORMATION FOR ABORIGINAL
CULTURAL HERITAGE ASSESSMENT OF GREEN SQUARE
PRECINCT AT 960A BOURKE STREET, 6 GEDDES AVENUE,
AND 411 BOTANY ROAD, ZETLAND, NEW SOUTH WALES**

To whom it may concern,

You are receiving this letter due to your organisation being named as a reasonable source of information that must be contacted as under Stage 1 (Section 4.1.2) of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (DECCW 2010) [Consultation Requirements]. Section 4.1.2 of the Consultation Requirements makes it the proponent's responsibility to ascertain, from reasonable sources of information such as your organisation, the names of Aboriginal people who may hold cultural knowledge relevant to determining the significance of Aboriginal objects and / or places.

Austral Archaeology Pty Ltd (Austral) has been engaged by Mirvac to prepare an Aboriginal Cultural Heritage Assessment (ACHA) in regard to the Green Square Precinct, 960A Bourke Street, 6 Geddes Avenue, and 411 Botany Road (Lots 11 and 12, DP1225135, and Lot 6, DP1199427), Zetland, New South Wales (NSW) [the study area]. The ACHA is being undertaken to determine the impact the development will have on Aboriginal cultural material in order to support a State Significance Development (SSD) being prepared under Part 5 of the *Environmental Planning and Assessment Act 1979*. The study area is situated within the City of Sydney Local Government Area (LGA) and is located within the boundaries of the Metropolitan Local Aboriginal Land Council (MLALC).

The proposed works that may impact on Aboriginal cultural material includes the development of up to 1,200 new dwellings across nine buildings. This will entail mass earthworks and construction that will impact any Aboriginal cultural materials, if present.

Austral Archaeology will actively seek to involve stakeholders in decisions regarding Aboriginal cultural heritage issues arising from this project. Additional information will be made available to all registered Aboriginal stakeholders as the project progresses. The purpose of consultation is to assist the proposed applicant in the preparation of an Aboriginal Heritage Impact Permit and to assist Heritage NSW as a delegated authority in determining the application. The project will be undertaken in accordance with the requirements of the *National Parks and Wildlife Act 1974*.

In accordance with the consultation requirements, please note that the relevant client contact for this project is:

Sristi Pokharel
Development Manager
Mirvac
Level 28, 200 George Street,
Sydney, NSW 2000
Phone: 0424 455 833
Email: sristi.pokharel@mirvac.com

All correspondence regarding provision of names and contact details of Aboriginal people who may hold cultural knowledge relevant to the project should be provided in writing to:

Jordon Coltman
Archaeologist
Austral Archaeology Pty Ltd
600 Princes Highway
Yallah, NSW 2530
Phone: 0491 200 285
Email: jordonc@australarch.com.au

Austral requests that your organisation supply the requested information by **6 June 2025**. Please note that under Section 4.1.6 of the Consultation Requirements, Austral is required to supply details of all registered Aboriginal stakeholders to Heritage NSW and MLALC unless anonymity is requested in writing.

Please do not hesitate to contact me for further information at the contact details provided below.

Request for Spatial Search of Tribunal Registers

Your assistance in providing information in the correct format will ensure that your search request is dealt with as efficiently as possible. **The completed form must accompany your emailed request.**

It may take up to three working days to provide you with your search results when you submit conventional search criteria (tenement or land parcel identifiers). It may take up to five working days for more complex or larger searches. The Tribunal will contact you if a result cannot be provided within this timeframe.

Parcel Identifiers

The NNTT uses the terminology and formatting of unique identifiers used in each state to uniquely identify a land parcel. Please identify land parcels using the formats below:

1. **Western Australia and Queensland** – use Lot on plan details (e.g. WA - 124/P098764 or QLD - 124DP98764).
2. **New South Wales** – use Lot/Section/Plan details (e.g. 124/7/DP258456 or 124//DP568954).
3. **Northern Territory** - use LAISKEY details (e.g. 695 1256 or 000 2568). The laiskey is a unique identifier for each parcel comprised of the location code, LTO code (derived from the survey plan) where applicable and the parcel number
4. **South Australia** – use Plan/Parcel ID (e.g. H529687AL125). Concatenation of Plan Type, Plan, Parcel Type and Parcel.
5. **Victoria** - use SPI (Standard Parcel Identifier) details (e.g. 1\PP2870 or 9E~\PP3306).

The Search Form

1. Specify only **one jurisdiction** (e.g. Queensland) and **one type of tenure** (e.g. mining tenement) per form.
2. You can add up to 20 separate tenements or parcels per search request. Enter one parcel identifier per form field. Do not use ranges such as lots 5 to 15 on Plan DP1486.
3. **For more than 20 parcels or tenements, please submit additional search requests or alternatively attach an Excel spreadsheet along with your completed search form.** List the parcel identifiers in the correct unique format (see above).
4. If your area of interest cannot be clearly identified from the search form, or is not held in NNTT datasets, we may instead provide search results for a surrounding local government area, or other suitable regional area

Disclaimers and additional notes in relation to timeframes, freehold land and cultural heritage in NSW are addressed on the [Geospatial Searches](#) homepage and these should be referred to prior to lodging your request.

RE: Aboriginal Consultation Stage 1.1 - Green Square Precinct, Zetland

From LLS GS Service Mailbox <gs.service@lls.nsw.gov.au>

Date Fri 30-May-25 3:56 PM

To Jordon Coltman <jordonc@australarch.com.au>

Good Afternoon,

Thank you for your email seeking assistance to identify Aboriginal stakeholder organisations and persons who may hold an interest in Country at the project area designated in your correspondence.

Greater Sydney Local Land Services (GS LLS) acknowledges that Local Land Services (formerly as Catchment Management Authorities) has been listed in Section 4.1.3.(g) of the Aboriginal Cultural Heritage Consultation requirements for proponents 2010, to support Part 6, of the NSW National Parks and Wildlife Act 1974 as a source of information to obtain the 'names of Aboriginal people who may hold cultural knowledge relevant to determining the significance of Aboriginal objects and/or places'.

GS LLS understands and respects the significant role and values that tangible and intangible Aboriginal Cultural Heritage holds for First Nations/Aboriginal people with Country. GS LLS also partners with many First Nations communities on Caring for Country projects that aim to protect and enhance those tangible and intangible values in Country including Aboriginal Cultural Heritage. GS LLS considers Aboriginal Cultural Heritage matters in relation to its role in land management and considers cultural heritage issues in the context of Natural Resource Management.

However, GS LLS feels that it is not a primary source of contact for First Nations (Aboriginal) communities or persons that may inform or provide comment on development or planning issues.

GS LLS strongly recommends you contact Heritage NSW to seek their advice on all-inclusive contact lists of persons and organisations who 'speak for Country' and that may assist with your investigation.

Dear Jordon

Thank you for your search request, please find your results below.

Search Results

The results provided are based on the information you supplied and are derived from a search of the following Tribunal databases:

0. Schedule of Native Title Determination Applications
 1. Register of Native Title Claims
 2. Native Title Determinations
 3. Indigenous Land Use Agreements (Registered and notified)

Results for overlapping native title matters in NSW:

Feature ID	Tenure	Cadastral Data As At	Feature Area SqKm	Overlapping Native Title Feature				
				NNTT File Number	Name	Category	Overlap Area SqKm	% Selected
11//DP1225135	FREEHOLD	16/01/2025	0.0043	No overlap			-

				NNTT File Number	Name	Category	Overlap Area SqKm	% Selected

For more information about the Tribunal's registers or to search the registers yourself and obtain copies of relevant register extracts, please visit our [website](#).

Information on native title claims and freehold land can also be found on the Tribunal's website here: [Native title claims and freehold land](#).

Please note: There may be a delay between a native title determination application being lodged in the Federal Court and its transfer to the Tribunal. As a result, some native title determination applications recently filed with the Federal Court may not appear on the Tribunal's databases.

The search results are based on analysis against external boundaries of applications only. Native title applications commonly contain exclusions clauses which remove areas from within the external boundary. To determine whether the areas described are in fact subject to claim, you need to refer to the "Area covered by claim" section of the relevant Register Extract or Schedule Extract and any maps attached.

Search results and the existence of native title

Please note that the enclosed information from the Register of Native Title Claims and/or the Schedule of Applications is **not** confirmation of the existence of native title in this area. This cannot be confirmed until the Federal Court makes a determination that native title does or does not exist in relation to the area. Such determinations are registered on the National Native Title Register.

The Tribunal accepts no liability for reliance placed on enclosed information

The enclosed information has been provided in good faith. Use of this information is at your sole risk. PLEASE CONSIDER THE ENVIRONMENT BEFORE PRINTING THIS EMAIL

List of Aboriginal Stakeholders held by the Department of Climate Change, Energy, the Environment and Water for the purposes of the Aboriginal Heritage Consultation Requirements for Proponents 2010.

The purpose of this letter is to assist you as the proposed applicant in undertaking Aboriginal community consultation in accordance with the relevant legislation and guidelines.

The consultation process involves getting the views of, and information from, Aboriginal people and reporting on these. It is not to be confused with other field assessment processes involved in preparing a proposal and an application. Consultation does not include the employment of Aboriginal people to assist in field assessment and/or site monitoring. Aboriginal people may provide services to proponents through a contractual arrangement however, this is separate from consultation. The proponent is not obliged to employ those Aboriginal people registered for consultation. Consultation as per these requirements will continue irrespective of potential or actual employment opportunities for Aboriginal people.

In accordance with Clause 60 (10) of the National Parks and Wildlife Regulation 2019, where an agreement of the kind listed below specifies or identifies a modified or alternative consultation process for the purposes of Part 6 of the National Parks and Wildlife Act 1974, the applicant is to undertake consultation in accordance with the modified or alternative process. The applicable agreements are:

- a) a registered Indigenous Land Use Agreement under the Native Title Act 1993 of the Commonwealth entered into between an Aboriginal community and the State,
- b) a lease entered into under Part 4A of the Act,
- c) an agreement entered into by the Secretary and a board of management reserved under Part 4A of the Act that has the consent of Aboriginal owner board members for the land concerned,
- d) an agreement entered into between an Aboriginal community and the Department of Planning, Industry and the Environment.

Where you believe your application is wholly or partially located within an area subject to any of the above agreements, please provide further correspondence (including mapping, if required) detailing the applicable agreement and its relationship to the application area to heritagemailbox@environment.nsw.gov.au. Heritage NSW will respond with further advice.

Where the above does not apply, please proceed with consultation in accordance with the Clause 60 (1-9) of the National Parks and Wildlife Regulation 2019 and Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010 (the "Consultation Requirements"). A copy of the Consultation Requirements can be found on the OEHS website at: <http://www.environment.nsw.gov.au/resources/cultureheritage/commconsultation/09781ACHconsultreq.pdf>.

Under the Consultation Requirements, a proponent is required to provide Aboriginal people who may hold cultural knowledge relevant to determining the cultural significance of Aboriginal objects and/or places as relevant to the proposed project area, with an opportunity to be involved in consultation. Section 3.3.1 of the Consultation Requirements states that Aboriginal people who can provide this information are, based on Aboriginal lore and custom, the traditional owners or custodians of the land that is the subject of the proposed project.

The Consultation Requirements also state that:

Traditional owners or custodians with appropriate cultural heritage knowledge to inform decision making who seek to register their interest as an Aboriginal party are those people who:

- continue to maintain a deep respect for their ancestral belief system, traditional lore and custom
- recognise their responsibilities and obligations to protect and conserve their culture and heritage and care for their traditional lands or Country
- have the trust of their community, knowledge and understanding of their culture, and permission to speak about it.

This list is provided to proponents in accordance with Clause 60(2)(a)(i) of the National Parks and Wildlife Regulation 2019 and section 4.1.2 of the Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010.

The stakeholders identified on this list may have an interest in the proposed project area and may hold knowledge relevant to determining the cultural significance of Aboriginal objects and/or places.

How to use this list

- Contact the organisations/individuals who have indicated an interest in the relevant LGA/s and invite them to register an interest in your project.
- Do not reproduce the attached list in publicly available reports and other documents. Your report should only contain the names of the organisations and individuals who you have invited to register an interest in your project and those who have registered as stakeholders for your project.
- Note that the provision of this Aboriginal stakeholder list does not override a proponent's requirement to also advertise in the local newspaper and to seek from other sources the names of any other Aboriginal people who may hold cultural knowledge as required under clause 60 (2) of the National Parks and Wildlife Regulation 2019.
- Please refer to Clause 60 of the National Parks and Wildlife Regulation 2019 and the Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010 for further information on the requirements of the consultation process.
- If contact details of stakeholders are found to be incorrect or outdated, please contact heritagemailbox@environment.nsw.gov.au

STAGE 1.2: REGISTRATION OF INTEREST

**RE: STAGE 1 – NOTIFICATION FOR ABORIGINAL CULTURAL
HERITAGE ASSESSMENT OF GREEN SQUARE PRECINCT AT
960A BOURKE STREET, 6 GEDDES AVENUE, & 411 BOTANY
ROAD, ZETLAND, NEW SOUTH WALES**

To whom it may concern,

Austral Archaeology Pty Ltd (Austral) has been engaged by Mirvac to prepare an Aboriginal Cultural Heritage Assessment (ACHA) in regard to the Green Square Precinct at 960A Bourke Street, 6 Geddes Avenue, and 411 Botany Road (Lots 11 and 12, DP1225135; and Lot 6, DP1199427), Zetland, New South Wales (NSW) [the study area]. The study area is situated within the Sydney City Local Government Area (LGA) and the boundaries of the Metropolitan Local Aboriginal Land Council (MLALC).

Austral has been made aware that you or your organisation may hold cultural knowledge relevant to determining the significance of Aboriginal objects and / or places. As part of Stage 1 of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (Department of Environment, Climate Change and Water NSW 2010) [the Consultation Requirements], you are invited to register your interest to participate in the ACHA and consultation process for this project.

The ACHA is being undertaken to determine the impact the development will have on Aboriginal cultural material in order to support three State Significance Development Applications (SSDA) being prepared under Part 5 of the *Environmental Planning and Assessment Act 1979*.

The proposed works that may impact on Aboriginal cultural material includes the development of up to 1,200 residential units. This will involve extensive earthworks and construction within the study area. This will include the excavation and construction of basement levels.

Austral will actively seek to involve stakeholders in decisions regarding Aboriginal cultural heritage issues arising from this project. Additional information will be made available to all registered Aboriginal stakeholders as the project progresses. The project will be undertaken in accordance with the requirements of the *National Parks and Wildlife Act 1974*.

In accordance with the consultation requirements, please note that the relevant client contact for this project is:

As a person or organisation who may hold cultural knowledge relevant to determining the significance of Aboriginal objects and / or places associated with the proposed project, you are invited to register your interest to be consulted for this project. The closing date for registrations of interest is 8 July 2025.

Please note that under Section 4.1.6 of the Consultation Requirements, Austral is required, unless you state otherwise, to supply details of all registered Aboriginal stakeholders to Heritage NSW and MLALC as part of this process.

Please do not hesitate to contact me for further information at the contact details provided below.

25112 1.2 Green Square 20250616.pdf;

Good Morning,

Thankyou to all who have already registered interest in the Green Square Precinct ACHA.
Your registration has been received and you will be contacted with further information about the project as it progresses.

I am emailing to correct an error found in the original email sent out last week, which stated that registrations would close on 8 July 2025. This date is incorrect.
The registrations for this project will end **COB 24 June 2025**. Please find attached the updated stage 1.2 letter.

If you have already contacted me to register, no need to register again.
If you wish to register for this project, or discuss anything please reach out to me.

Hope you have a good week!

Best regards,

Hi Jordon,

Thank you for informing us that **Austral Archaeology** will be involved in an Aboriginal Cultural Heritage Assessment at **Green Square Precinct** & that you are inviting Aboriginal organisations to register, if they wish too be involved in the community consultation process.

As a senior Aboriginal person for the past 51yrs, I actively participate in the protection of the Aboriginal Cultural Heritage throughout the Sydney Basin, & particularly throughout Western Sydney, on behalf of Kamilaroi-Yankuntjatjara Working Group I wish to provide to you my organisation's registration of interest.

I wish to be involved & participate in all levels of consultation/project involvement. I wish to attend all meetings, participate in available field work & receive a copy of the report.

I have attached a copy of Kamilaroi-Yankuntjatjara Working group's Public Liability Insurance & Workers Compensation certificate.

Our RAPS have up to 16yrs Cultural Heritage experience in - field work which involves manual excavation (digging), sieving, identifying artefacts, setting up transits, setting up equipment, packing equipment, site surveys & attending meetings (Focus groups, Connecting with Country, interpretation).

Should you wish me to provide further information, please do not hesitate to contact me or Stefeanie on 0451068480.

Kind Regards

Hi,

Thank you for your email. I would like to formally register my interest in being involved in all levels of consultation for this project. This includes attending meetings, preparing reports, sharing cultural information and participating in available fieldwork.

About Carolyn Hickey

I am a Traditional Owner with over 25 years of experience in preserving Aboriginal cultural heritage. My extensive cultural knowledge is essential in determining the significance of Aboriginal objects and values within the project area.

I have attached A1 Indigenous Services Insurances.

A1 INDIGENOUS SERVICES, Represents over 100 Indigenous Locals

I agree to my details being shared with OEH and the LALC. Please feel free to contact me using the details provided above.

Kind regards,
Carolyn Hickey

A1 Indigenous Services is a 100% Indigenous-owned Australian company offering a range of services to the construction industry. Our mission is to commit to an innovative approach for a better future for Indigenous employment and community, while improving ways to close the gap in Aboriginal participation in the construction industry. We are dedicated to building strength in Aboriginal communities and our Indigenous labour force.

A1 Indigenous Services is a member of the NSW Indigenous Chamber of Commerce (NSWICC). A business or enterprise carrying the NSWICC Assured logo has met national policy requirements as upheld by FACCI, ensuring that it is identified as a First Nations business owner or entrepreneur and that it demonstrates compliance with government and industry regulators.

Good Morning,

Thankyou to all who have already registered interest in the Green Square Precinct ACHA. Your registration has been received and you will be contacted with further information about the project as it progresses.

I am emailing to correct an error found in the original email sent out last week, which stated that registrations would close on 8 July 2025. This date is incorrect.

The registrations for this project will end **COB 24 June 2025**. Please find attached the updated stage 1.2 letter.

If you have already contacted me to register, no need to register again.

If you wish to register for this project, or discuss anything please reach out to me.

Notification of Registration of Interest for Aboriginal stakeholders

NGH Pty Ltd (NGH) have been engaged by the proponent, Mogul Stud Pty Ltd C/O - Colliers International Engineering and Design (NSW) Pty Ltd to undertake an Aboriginal Cultural Heritage Assessment (ACHA) for the proposed subdivision and development of 2 Terry Road, Box Hill, NSW 2765 (the Project). The approximately 12-hectare Project Area is entirely comprised of Lot 11 Deposited Plan (DP) 27502. The Project Area is approximately 20 km north west of Parramatta and is within the Hills Shire Local Government Area.

The proponent can be contacted via email at Nicola.Io@colliers.com / Anthony.ta@colliers.com or via mail at PO Box 3220 Rhodes NSW 2138

The Project would involve significant ground disturbing works and may include areas for stockpile and machinery parking. The ACHA will be conducted in accordance with the statutory requirements stipulated in the Aboriginal Cultural Heritage Consultation Requirements for Proponents (DECCW 2010), Code of Practice for Archaeological Investigation of Aboriginal Objects in NSW (DECCW 2010), and Guide to Investigating, Assessing and Reporting on Aboriginal Cultural Heritage in NSW (OEH 2011).

The purpose of consultation is to provide an opportunity for Aboriginal community stakeholders to assist the proponent in the preparation of the ACHA and, if required, to be involved in the consultation as part of the lodgement of an Aboriginal Heritage Impact Permit application prior to the works being undertaken. In order to fulfil the requirements set out in the Aboriginal Cultural Heritage Consultation Requirements for Proponents, NGH are seeking information on interested Aboriginal parties who hold cultural knowledge that may assist in the determination of cultural significance associated with the Project Area for the proposed works at Box Hill.

Registrations should be provided in writing to:
NGH Pty Ltd
Level 9, Suite 9.01, 28 Foveaux Street
Surry Hills NSW 2010

Or via email to:
ngh@nghconsulting.com.au
Closing date for registration is COB on the 20 th of June 2025.

Those registering an interest will be contacted to discuss the projects further. Those who do register are advised that their details will be provided to Heritage NSW and the Local Aboriginal Land Council, unless they specifically advise in writing that their details are not to be forwarded on.

Ronald Adrian

With great sadness we
announce the death of
Ron (Ronald) Coleman,
aged 84.

Ron's lifelong passion was
his love for his family, his
beautiful wife Anneke
(Annika), their children
Larissa, Yolanda and
Murray, partners Yvonne

grandchildren Isabelle,
Francesca and Amelie.

Ron was a retired engineer
and teacher with a lifelong
enthusiasm for learning.
His many passions were a
love of science and nature,
history and politics, travel
and languages and the
arts. He was a keen
painter, expert gardener
and loved being outdoors,
especially cycling.

Ron will be deeply missed
by his family and friends,
particularly his quirky
enthusiasm, boundless
energy and Dad jokes.

We will celebrate his life
on Wednesday 11 June at

STAGE 1.4 INCOMING

STAGE 2: PRESENTATION OF INFORMATION ABOUT THE PROPOSED PROJECT AND STAGE 3: GATHERING INFORMATION ABOUT CULTURAL SIGNIFICANCE

**RE: STAGE 2 – PROJECT INFORMATION FOR ABORIGINAL
CULTURAL HERITAGE ASSESSMENT OF GREEN SQUARE
PRECINCT, 960A BOURKE STREET, 6 GEDDES AVENUE, & 411
BOTANY ROAD, ZETLAND, NEW SOUTH WALES**

To whom it may concern,

You are receiving this letter as a registered Aboriginal party (RAP) for the Green Square Precinct project.

The following information is being provided to comply with Stage 2 of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (DECCW 2010a) [the Consultation Requirements]. This letter relates explicitly to sections 4.2.1 to 4.2.4 of the Consultation Requirements.

PROJECT DETAILS

Austral Archaeology Pty Ltd (Austral) is undertaking an Aboriginal Cultural Heritage Assessment (ACHA) on behalf of Mirvac (the proponent) at 960a Bourke Street, 6 Geddes Avenue, & 411 Botany Road, Zetland, New South Wales (NSW) [the study area], within the City of Sydney Local Government Area. The proposed works are to include the development of 9 mixed use, residential buildings. An Aboriginal Cultural Heritage Assessment (ACHA) is being prepared to support three State Significance Development Applications (SSDA) being prepared under Part 5.1 of the *Environmental Planning and Assessment Act 1979*.

This letter presents the proposed project information and initiates arrangements for the dissemination of further details to RAPs during the assessment process.

The location of the study area is outlined in Figure 1 and Figure 2. The design of the development is yet to be confirmed, and will be subject to changes as the project progresses.

IMPACT ASSESSMENT PROCESS

The following impact assessment process will be completed in accordance with the following guidelines:

- Consultation Requirements;
- *Code of Practice for Archaeological Investigations of Aboriginal Objects in NSW* (DECCW 2010b) [the Code of Practice]; and,
- Guide to Investigating, Assessing and Reporting on Aboriginal Cultural Heritage in NSW (Office of Environment and Heritage 2011).

BACKGROUND RESEARCH

In addition to contacting the relevant Aboriginal and non-Aboriginal stakeholders, background research will include searches of public statutory and non-statutory heritage databases and research into relevant archives as an essential aid to determining the significance of the study area to local Aboriginal people.

The following database and register searches will be undertaken:

- A search of the Aboriginal Heritage Information Management System (AHIMS) database. This database lists known sites of archaeological and cultural significance to Aboriginal people. This will confirm the nature of any Aboriginal cultural values which may be present within the study area. This search will also highlight sites and places of significance in the immediate vicinity. This search may also provide previously produced reports or studies of relevance to this study.
- A search for items or places of Aboriginal significance on non-statutory heritage databases. These include the Register of the National Estate and the National Trust.
- A search of the Local Environmental Plan for Aboriginal heritage places or issues.
- A search for items or places of Aboriginal significance on statutory heritage databases. These include the National Heritage List and the State Heritage Register.

In addition to these database searches, research into the ethnographic, environmental, archaeological and Aboriginal historical context will also be undertaken. The results of this research will assist in determining the potential for Aboriginal archaeological and cultural material and places to be located within the study area.

The background research will need to be collated and précised into a succinct yet thorough literature review. This written work will form a vital part of subsequent methodological development and production of the final cultural heritage assessment report. No known Aboriginal assessments have occurred within the study area.

CONSULTATION WITH ABORIGINAL STAKEHOLDERS

The Aboriginal people of Australia are part of the oldest and continuous-living cultures in human history. Aboriginal people's cultural heritage is recognised and valued as a unique and essential component of the identity of all Australian people.

Aboriginal cultural heritage provides the essential links between the past and the present – it is a crucial part of Aboriginal people's cultural identity, connection and sense of belonging to Country.

The objective of community consultation is to ensure Aboriginal people have the opportunity to improve assessment outcomes by:

- Providing relevant information about the cultural significance and values of the Aboriginal objects and/or place;
- Influencing the design of the methodology to assess the cultural and scientific significance of Aboriginal objects and places;
- Actively contributing to the development of cultural heritage management options and recommendations for any Aboriginal objects and/or places within the proposed project area; and,
- Providing feedback and commenting on draft assessment reports before the proponent submits them to Heritage NSW.

This information pack forms part of the ongoing consultation with Aboriginal stakeholders, being Stage 2 of the Consultation Requirements, which requires consultants to present information about the proposed

project to stakeholders. This will also be accompanied by a Stage 3 methodology document, which will thoroughly detail the proposed testing methodology.

Based on this project's size and complexity, information about the project will be disseminated in writing only.

INVESTIGATION OF ABORIGINAL OBJECTS AND / OR PLACES

The field survey will be conducted following the stage 3 consultation period with a representative from Metropolitan Local Aboriginal Land Council (MLALC). The archaeological survey of the study area will be undertaken in accordance with requirements 5 to 10 of the Code of Practice to identify any previously unknown Aboriginal objects, sites or places.

It is anticipated that an archaeological test excavation will not be necessary within the study area, due to the extensive disturbance associated with the highly urbanised nature of the Zetland area. The Archaeological survey will aim to identify these disturbances within the study area, and confirm that a testing program is not necessary.

Further information on the methodology to be used for the archaeological survey will be presented as part of the Stage 3 documentation.

REPORTING

Austral will produce an ACHA that will include but not be limited to:

- Introduction
- Planning Framework
- Aboriginal Background
- Site Analysis
- Maps and Site Plans etc.
- Aboriginal Stakeholder Consultation
- Assessment of Archaeological Potential
- Impact Assessment
- Conclusions and Management Recommendations

As part of Stage 4 of the Consultation Requirements, Aboriginal stakeholders will be provided with the draft ACHA for review and comment. Any comments and responses received by Austral or the proponent will be documented in the final ACHA. Austral will respond to all comments received and will outline how these have been considered and/or implemented as part of the final ACHA (DECCW 2010a, p. 6).

PROJECT SCHEDULE

To meet these objectives Heritage NSW has developed four stages of consultation which must be met for each cultural heritage assessment. There are several mandatory timeframes associated with the Consultation Requirements; these are summarised in Table 1 and Table 2.

Table 1 Statutory timeframes for consultation

Stage	Timeframe
Stage 1: Notification of project proposal and registration of interest	14 days
Stage 2: Presentation of information about the proposed project	-
Stage 3: Gathering information about cultural significance.	28 days
Stage 4: Review of the draft cultural heritage assessment report.	28 days

Table 2 Project Milestones, estimated completion dates and status

Stage	Statutory Timeframe (days)	Completion dates	Status
Background research	-	-	Ongoing
Aboriginal consultation			
<i>Stage 1 - Notification of project proposal and registration of interest</i>	14	09/06/2025	Completed
Archaeological Survey	-	24/06/2025	Completed
<i>Stage 2 - Presentation of information about the proposed project</i>	28	23/07/2025	To be Completed
<i>Stage 3 - Gathering information about cultural significance</i>	28	23/07/2025	To be completed

<i>Stage 4 - Review of ACHA by stakeholders</i>	28	27/08/2025	To be completed
ACHA finalisation	-	30/08/2025	To be completed

ROLES, FUNCTIONS AND RESPONSIBILITIES

Section 5 of the Consultation Requirements outlines the roles and responsibilities of the parties that are typically involved in the consultation process. The roles, functions and responsibilities for this project are summarised in Table 3.

Table 3 Roles, responsibilities and functions of parties involved in the project

Party	Roles, Responsibilities and Functions
RAPs	To provide cultural information and feedback on draft methodologies and the ACHA. To participate in meetings and workshops, and fieldwork, when invited.
Austral, on behalf of the proponent	Will consult with RAPs by supplying suitable project information and providing the opportunity for RAPs to provide input into the heritage management process.

As per the Consultation Requirements, Section 3.4 on page 9 states that “consultation should not be confused with employment”. In line with this, while Austral will ensure that consultation with all RAPs is undertaken in accordance with the Consultation Guidelines, the proponent is not obliged employ all registered stakeholders for the fieldwork component of this project.

Table 4 outlines the feedback and input process offered to Aboriginal people for each stage of the consultation process.

Table 4 Feedback and input process for stages of the consultation process to be completed

Stage	Expected Feedback
2	Feedback on the project proposal including nature, scope and methodology. Raise any concerns about cultural perspectives or assessment requirements.
3	Contribute to culturally appropriate information-gathering and the research methodology. Provide information that will enable the cultural significance of Aboriginal objects and/or places within the proposed project area. Have input into the development of any cultural heritage management options.
4	Provide feedback on any aspect of the draft ACHA report.

BOTANY ROAD, ZETLAND, NEW SOUTH WALES**

To whom it may concern,

You are receiving this letter as a registered Aboriginal party (RAP) for the Green Square Precinct project.

The following information is being provided to comply with Stage 3 of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (DECCW 2010a) [the Consultation Requirements]. This letter relates explicitly to sections 4.3.1 to 4.3.7 of the Consultation Requirements.

The purpose of this letter is to present the proposed methodology to the RAPs for the preparation of an Aboriginal Cultural Heritage Assessment (ACHA) for the project. You are also requested to supply any cultural information you wish to provide that can assist in the identification of Aboriginal objects or places as part of the assessment process. In accordance with Section 4.3.2 of the Consultation Requirements, RAPs are provided with the opportunity to review and provide feedback on the proposed methodology outlined in this letter. Please supply this feedback to:

Please provide your feedback, including additional protocols that you wish to be adopted into the information gathering process and assessment methodology by 5pm on 1 August 2025.

PROPOSED WORKS

The proposed works for this project include the development of 9 mixed use, residential buildings within the study area. This will entail extensive earthworks and the construction of basement levels. The location of proposed works are shown on Figure 1.

PRELIMINARY ASSESSMENT

Austral has undertaken a review of documentary sources to understand the Aboriginal heritage values that are likely to occur within the study area.

BACKGROUND

An extensive search of Heritage NSW's Aboriginal Heritage Information Management System (AHIMS) database was conducted on 12 June 2025 (Client service ID: 1013309). The search identified 115 Aboriginal archaeological sites within a 5-kilometre search radius, centred on the proposed study area (Table 1).

Table 1 AHIMS sites identified within 5 kilometres of the study area

Site Type	Occurrence	Frequency (%)
Potential Archaeological Deposit (PAD)	46	43.81%

The AHIMS search has identified that there are sites located in close proximity to the study area; these are identified in Table 2. The location of AHIMS sites in proximity to the study area are outlined in Figure 2.

Table 2 AHIMS sites identified within close proximity to the study area

Site Name (AHIMS No.)	Site Type	Location / extent in relation to study area
New Green Square School (#45-6-3944)	PAD	200m to east of study area

PREDICTIVE STATEMENTS

Based upon the AHIMS search results and a preliminary review of ethnographic, soils, geology, landform, disturbance and resource information pertinent to the study area, Austral has prepared a series of site prediction statements that have been used to inform the project methodology, these are outlined in Table 3.

Table 3 Aboriginal site prediction statements

Site Type	Predictive Statement
Aboriginal ceremony and dreaming sites	There are no previously recorded Aboriginal ceremony and dreaming sites occurring within or in proximity to the study area. It is unlikely that this site type will be present.
Aboriginal places	There are no previously recorded Aboriginal places occurring within or in proximity to the study area. It is unlikely that this site type will be present.
Artefact sites	Artefacts are one of the most frequently occurring site type within and in proximity to the study area. It is possible that these will occur where natural soil deposits have been retained.
Axe grinding grooves	Axe grinding grooves do not occur unless suitable sandstone outcrops are present. There are no known sandstone outcrops within the study area, and therefore this site is unlikely to occur
Burials	There are no previously recorded burials within or in proximity to the study area and are commonly located around sand dunes, lunettes, and dried salt lakes. It is unlikely that this site type will be present.
Modified trees	There are no previously recorded modified trees within or in proximity to the study area. Aerial imagery from 1955 shows the absence trees from the study area. As such, all trees currently within the study area are too young to be considered for cultural scarring. Therefore, this site type is unlikely to be present.
Potential archaeological deposits (PADs)	PADs are the second most occurring site type within and in proximity to the study area. It is likely that this site type will be present.

Site Type	Predictive Statement
Rock Shelters with art and/or deposit	There are no previously recorded rock shelters with art and /or deposits within or in proximity to the study area. It is unlikely that this site type will be present.
Shell middens	There are no previously recorded shell middens within or in proximity to the study area and are commonly located in areas with large, open water sources. This site type is unlikely to be present.
Stone quarries	There are no previously recorded stone quarries within or in proximity to the study area. It is unlikely that this site type will be present.

ASSESSMENT FRAMEWORK

The following section outlined the assessment methodology to be employed in the preparation of the ACHA.

SURVEY METHODOLOGY

An archaeological survey will be conducted following the completion of stage 3 with selected RAPs in attendance.

The survey will conform with requirements 5 to 10 of the *Code of Practice for Archaeological Investigation of Aboriginal Objects in New South Wales* (DECCW 2010b) [the Code of Practice]. The method employed during the survey will be aimed at recording all (or a representative sample of all) evidence of Aboriginal land use that are visible on the surface. An assessment of the likelihood of material traces of Aboriginal land use being present under the ground surface (potential archaeological deposits) will also be completed. The survey will be / was completed in accordance with a sampling strategy that will ensure/d that all landforms that may be impacted by the project will be inspected.

Recording during the survey will consist of both photographic and written recording techniques. Representative photographs of survey units and landforms will be taken, all photographs will include a graded metric scale. Where Aboriginal objects are identified during the survey, their diagnostic attributes will be recorded, and each object will be photographed (as per requirements 6 and 7 of the Code of Practice).

Survey units will be inspected using pedestrian transects following the methodology set out in Burke and Smith (2004, pp. 74–80). The survey will document the conditions present to assess the effectiveness of the survey. The following aspects of the survey will be recorded:

- Visibility and exposure for each survey unit.
- Landform and general soil location for each survey unit.
- Land surface and vegetation conditions encountered during the survey.
- Survey coverage in accordance with Requirement 9 of the Code of Practice.
- Where Aboriginal objects are / were identified, the spatial extent of direct evidence and the physical boundaries of each site were / will be determined.
- The extent of disturbances and an assessment of the integrity of known or likely Aboriginal sites.

All survey data will be collected using Global Positioning System (GPS) enabled devices and the Map Grid of Australia (94) coordinate system.

CONSULTATION

As part of Stage 3 of the Consultation Requirements, Aboriginal stakeholders are to be provided with a 28 day period to have the opportunity to review and provide feedback on the proposed methodology.

As a registered stakeholder, we ask that you review the above methodology and provide feedback regarding:

- Any known Aboriginal objects or areas of cultural significance that are present within the study area.
- Any information regarding nearby places of cultural significance. This includes places of social, spiritual and cultural value.
- Any culturally relevant information that may affect the archaeological interpretation of the site.
- Any protocols that you wish to be implemented or changed regarding the survey strategy.
- Any protocols that you wish to be implemented or changed regarding the of any identified cultural heritage.
- Any management recommendations, such as ways to avoid or mitigate harm to the Aboriginal cultural heritage on site.

The information provided will be used to understand the context and values of Aboriginal objects and / or places located within the study area. The information will be used as the basis of assessment for heritage values and to better inform the archaeological assessment of significance.

CULTURALLY SENSITIVE INFORMATION

Austral would like to take this opportunity to invite RAPs to provide culturally appropriate information. All cultural information that is provided as part of the consultation process will be recorded in the consultation log and will be discussed in the ACHA. RAPs must advise Austral if the information they are providing is to be considered confidential.

When providing this information, RAPs must detail the nature of the sensitivity and how this knowledge is to be restricted. Based on this information, Austral will formulate a methodology to record this information that is consistent with the values communicated. Where culturally sensitive information has been disclosed, the ACHA will identify this on the front cover. Alternatively, the ACHA may be finalised in a restricted and unrestricted format for private and public dissemination. All documentation and recordings will be stored securely.

REPORTING

Austral will complete an ACHA that includes the results of the Aboriginal community consultation undertaken. The ACHA will consist of:

- Introduction
- Planning Framework
- Aboriginal Background
- Site Analysis
- Maps and Site Plans etc.
- Aboriginal Stakeholder Consultation including all submissions received from RAPs and responses to the issues raised.

- Assessment of Archaeological Potential
- Impact Assessment
- Conclusions and Management Recommendations

Please take the time to read this letter and feel free to contact me on the number provided below should you wish to raise any concerns or if you require additional information.

Should you have any cultural concerns, perspectives or assessment requirements, please do not hesitate to contact me for further information at the contact details provided below.

Yours faithfully,

Hi Marilyn,

Thank you for providing interest in registering interest in the Green Square Precinct ACHA. I have formally registered Corroboree Aboriginal Corporation to the project.

Please note that as this is a late registration, we have already proceeded with Stage 2 and Stage 3 of the Aboriginal Cultural Heritage Consultation Requirements (ACHCRs), which have already been sent out.

As such, please see attached the Stage 2 project information and Stage 3 project methodology consultation letters.

Please note that feedback and comments on the methodology must be submitted by **5pm, Friday 1 August**.
