Dear Andy

**Edify Energy Development – Letter of Support**

Murrumbidgee Council confirms contact with Edify Energy with regard to their solar farm development proposal within Council's Local Government Area. Council is aware that a project of this scale will bring considerable economic stimulus to our region, both during and after the construction.

Following a review of the preliminary information on the project, Council offers its support in principle to Edify Energy and offers no objection providing the prescribed planning approval process is followed.

Yours faithfully

Austin Evans
