

Appendix A – SEARs and Concurrent Rezoning Compliance Table

Main Works for 16-20 Old Castle Hill Road, Castle Hill

SEARs Compliance Table

Issue and Assessment Requirements	Location in EIS	Appendix
<i>Issue and Assessment Requirements</i>	<i>EIS Section</i>	<i>Technical Study</i>
1. Statutory Context		
Address all relevant legislation, environmental planning instruments (EPIs) (including drafts), plans, policies, guidelines and planning circulars.	Section 2.0 Section 6.0 Section 9.3	Appendix C (Statutory Compliance)
Identify compliance with applicable development standards and provide a detailed justification for any non-compliances.	Section 6.0 Section 9.3	Appendix C (Statutory Compliance)
Provide an explanation of how the development as described in the EIS is consistent with the development as was described in the request for SEARs (including any components that were not SSD) and provide a justification for any differences.	Section 1.0 Section 9.0	-
Address the requirements of any approvals applying to the site, including any concept approval, any endorsed or draft master plan, precinct plan or any recommendation from Gateway determination.	Not Applicable	-
Provide an accurate summary of the detailed assessment of the impacts of the project and integrate the findings and recommendations of technical reports into the justification and evaluation of the project as a whole.	Section 8.0 Section 9.0	Appendix E (Consolidated Mitigation Measures)
If affordable housing is being proposed, provide the name and ABN of the registered community housing provider that will be responsible for managing the affordable housing component, along with documentation confirming the provider's agreement to this responsibility.	Section 3.7	Appendix L (CHP Letter of Support)
2. Estimated Development Cost and Employment		
Provide the estimated development cost (EDC) of the development prepared in accordance with the relevant planning circular using the Standard Form of EDC Report. As applicable, the EDC Report must separately specify the EDC of: - the residential component of the development. - the tenant component of the built-to-rent development. - the seniors housing component of the development	Section 3.1	EDC Report (under separate cover)
3. Contributions and Public Benefit		
Address the requirements any relevant contribution plan(s), planning agreement or EPI requiring a monetary contribution, dedication of land and/or works-in-kind agreement. and include details of any proposal for further material public benefit.	Section 8.8	-

Where a voluntary planning agreement is proposed, prepare a draft planning agreement in accordance with the <i>Planning agreements – Practice note- February 2021</i> .	Not applicable	-
4. Engagement		
Demonstrate that engagement and consultation activities have been undertaken in accordance with the <i>Undertaking Engagement Guidelines for State Significant Projects</i> and identify how issues raised, and feedback received have been considered in the design of the project.	Section 7.0	Appendix D (Community Engagement Report)
If the development would have required an approval or authorisation under another Act but for the application of s 4.41 of the EP&A Act or requires an approval or authorisation under another Act to be applied consistently by s 4.42 of the EP&A Act, the agency relevant to that approval or authorisation must be consulted.	Section 7.0	Appendix D (Community Engagement Report)
5. Design Quality		
Demonstrate how the development will achieve:	Section 1.4.4	Appendix B (Architectural Plans) Appendix G (Architectural Design Report)
- design excellence in accordance with any applicable EPI provisions. - good design in accordance with the seven objectives for good design in Better Placed.		
Demonstrate that the development:		
- where required by an EPI or concept approval, or where proposed, has been subject to a competitive design process, carried out in accordance with an endorsed brief and Design Excellence Strategy; or - in all other instances, has been reviewed by the State Design Review Panel (SDRP) where required under the NSW SDRP: Guidelines for Project Teams.		
Recommendations of the jury and Design Integrity Panel (where a competitive design process has been held) or the SDRP are to be addressed prior to lodgement.		
6. Built Form and Urban Design		
Demonstrate how the proposed built form (layout, height, bulk, scale, separation, setbacks, interface and articulation) addresses and responds to the context, site characteristics, streetscape and existing and future character of the locality. Where relevant explain and illustrate the application of any bonuses under an EPI.	Section 3.0 Section 8.1	Appendix B (Architectural Plans) Appendix G (Architectural Design Report)
If relevant, provide an assessment of the development against:	Section 8.3	Appendix B (Architectural Plans) Appendix G (Architectural Design Report)
- the design principles for senior housing set out in Schedule 8 of State Environmental Planning Policy (Housing) 2021 (Housing SEPP) and the Seniors Housing Design Guide. - the design principles for residential apartment development set out in Schedule 9 of the Housing SEPP and the Apartment Design Guide (ADG). This should include a table which demonstrates how each dwelling (including affordable dwellings) performs against the ADG design criteria.		

If affordable housing is proposed, provide a floorplan outlining the gross floor area and dwellings that are provided as affordable housing.	Section 3.7	Appendix B (Architectural Plans)
7. Environmental Amenity		
Assess amenity impacts on the surrounding locality, including solar access, visual privacy, view loss and view sharing, as well as wind, lighting and reflectivity impacts. A high level of environmental amenity for any surrounding residential or other sensitive land uses must be demonstrated.	Section 8.0	Appendix B (Architectural Plans) Appendix W (Visual Impact Assessment) Appendix X (Pedestrian Wind Study)
Provide a solar access analysis of the overshadowing impacts of the development within the site, on surrounding properties and public spaces (during winter solstice) at hourly intervals between 9am and 3pm, comparing the proposed development, existing situation and where applicable, a development with no bonuses applied	Section 8.2	Appendix B (Architectural Plans) Appendix G (Architectural Design Report)
8. Visual Impact		
Provide a visual analysis of the development from key viewpoints, including photomontages or perspectives showing the proposed and likely future development.	Section 8.2.2	Appendix W (Visual Impact Assessment)
If the proposal would result in significant visual impact not anticipated by the planning controls, provide a visual impact assessment that addresses the visual impacts of the development on the existing catchment.	Section 8.2.2	Appendix W (Visual Impact Assessment)
9. Transport		
Provide a Transport Impact Assessment (TIA) in accordance with the processes and methodology recommended in the <i>Guide to Transport Impact Assessment</i> (GITA) published by TfNSW. If the construction of the development would cause interruptions to regular pedestrian and transport routes (including public transport, active transport or general traffic), a preliminary Construction Traffic (or Transport) Management Plan (CTMP) should be prepared as part of the TIA to mitigate any such impacts.	Section 8.6	Appendix O (Transport Impact Assessment)
10. Noise and Vibration		
Provide a noise and vibration impact assessment prepared in accordance with the relevant NSW Environment Protection Authority (EPA) guidelines. The assessment must detail construction and operational noise and vibration impacts on nearby sensitive receivers and structures and outline the proposed management and mitigation measures that would be implemented.	Section 8.7	Appendix AA (Noise and Vibration Impact Assessment)
11. Water Management		

Detail the proposed drainage design and servicing infrastructure to be incorporated as part of the development (stormwater and wastewater). Demonstrate how the development complies with council's drainage requirements and identify proposed stormwater treatment and water quality management measures to minimise adverse environmental impacts.	Section 3.12	Appendix V (Integrated Stormwater Management Report)
12. Ground and Groundwater Conditions		
Assess potential impacts on soil resources and related infrastructure and riparian lands on and near the site and including soil erosion.	Section 6.3.1	Appendix H (Geotechnical Investigation Report)
Where required provide a Groundwater Impact Assessment in accordance with relevant Groundwater Guidelines. If the proposed development is on land identified as having high salinity or acid sulfate soil potential in an EPI provide a Salinity Management Plan or Acid Sulfate Soil Management Plan that includes appropriate management measures and strategies.	Section 8.8	Appendix CC (Groundwater Impact Assessment)
13. Contamination and Remediation		
In accordance with Chapter 4 of the <i>State Environmental Planning Policy (Resilience and Hazards) 2021</i> , assess and quantify any soil and groundwater contamination and demonstrate that the site is suitable (or will be suitable, after remediation) for the development.	Section 8.8	Appendix P (Preliminary Site Investigation) Appendix Q (Detailed Site Investigation) Appendix R (Remediation Action Plan)
14. Trees and Landscaping		
Provide a landscape plan, that: - details the proposed site planting, including location, number and species of plantings, heights of trees at maturity and proposed canopy coverage (as a percentage of the site area). - provides evidence that opportunities to retain significant trees have been explored and/or inform the plan.	Section 3.10	Appendix H (Landscape Plans) Appendix I (Landscape Design Report) Appendix J (Arboricultural Report)
If the proposal involves impacts to trees, provide an Arboricultural Impact assessment that assesses the number, location, condition and significance of trees to be removed and retained including: - any existing canopy coverage to be retained on-site. - tree root mapping. if the proposal involves significant impacts to tree-protection zones of retained trees identified as being significant	Section 8.4	Appendix J (Arboricultural Report)
15. Ecologically Sustainable Development (ESD)		

Identify how ESD principles (as defined in section 193 of the EP&A Regulation) are incorporated in the design and ongoing operation of the development.	Section 3.11	Appendix M (ESD Report)
Where relevant, provide an assessment of the development against the standards for non-residential development set out in Chapter 3 of State Environmental Planning Policy (Sustainable Buildings) 2022.	Section 3.11	Appendix M (ESD Report)
16. Biodiversity		
Unless a waiver has been granted, provide a Biodiversity Development Assessment Report (BDAR) that assesses any biodiversity impacts associated with the development in accordance with the Biodiversity Conservation Act 2016 and the Biodiversity Assessment Method 2020.	Section 8.8	Appendix N (BDAR Waiver)
OR		
If the development is on biodiversity certified land, provide information to identify the site (using associated mapping) and demonstrate the proposed development is consistent with the relevant biodiversity measure conferred by the biodiversity certification.	Not Applicable	-
17. Waste Management		
Provide the measures to be implemented to manage, reuse, recycle and safely dispose of waste, including in accordance with any council waste management requirements.	Section 8.8	Appendix FF (Construction and Demolition Waste Management Plan)
Identify appropriately sited waste storage areas, collection access paths/roads, and appropriate servicing arrangements for the site.	Section 8.8	Appendix FF (Construction and Demolition Waste Management Plan)
18. Social Impact		
The EIS must consider social impacts and, should any significant social impacts be identified, a Social Impact Assessment must be prepared in accordance with the Social Impact Assessment Guideline for State Significant Projects.	Section 8.6	Appendix Z (Social Impact Assessment)
19. Flood Risk		

Identify the flood planning area and level as set out in the relevant EPI and other supporting documents to determine; • The flood extent and velocity up to the Probable Maximum Flood and risk on-site having regard to adopted flood studies and, floodplain risk management studies and plans • The site access and egress routes • The potential effects of climate change, • Any relevant provisions of the <i>NSW Flood Risk Management Manual</i>, and any other relevant guidelines Where the development is occurring on flood prone land a flood impact and risk assessment (FIRA) must be prepared having regard to the <i>Flood Impact and Risk Assessment – Flood Risk Management Guide LU01</i>. When determining the scope and category of the FIRA the requirements outlined in the FIRA guide must be considered. Detail any flood risk management measures that are to be incorporated as part of the development having regard to relevant guidelines (including any design solutions, flood modification measures, property modification measures, operational procedures or Flood Emergency Response Plan).	Section 8.8	Appendix GG (Flood Impact and Risk Assessment)
20. Bush Fire Risk		
If the development is on mapped bush fire-prone land, or a bush/grass fire threat is identified on or adjoining the site, provide a bush fire assessment that details proposed bushfire protection measures and demonstrates compliance with <i>Planning for Bush Fire Protection</i>.	Section 8.8	-
21. Aboriginal Cultural Heritage		
Where there is known, or reasonably likely, to be Aboriginal cultural heritage on or near the site demonstrate that impacts have been adequately investigated and assessed by: • Identifying that an appropriate prior planning process has already considered these impacts, e.g. a rezoning or development application, or • Providing an initial assessment of the potential impacts. If potential impacts are significant, provide an Aboriginal Cultural Heritage Assessment Report (ACHAR) which: • Identifies, describes and assesses any impacts to Aboriginal cultural heritage sites or values associated with the site. • Is prepared in accordance with relevant guidelines.	Section 8.8	Appendix HH (Aboriginal Cultural Heritage Assessment Report)
22. Environmental Heritage		
Where there is potential for direct or indirect impacts on environmental heritage, provide a Statement of Heritage Impact and Archaeological Assessment (where required), in accordance with the relevant guidelines.	Not applicable	-
23. Public Space		
If public space is proposed as part of the development, demonstrate how the development: • maximises the amount, access to and quality of public spaces (including open space, public facilities and streets/plazas within and surrounding	Section 3.10 Section 8.4	Appendix H (Landscape Plans)

Appendix I (Landscape Design Report)

- provides accessible public space.
- maximises permeability and connectivity.
- maximises the amenity of public spaces in line with their intended use, such as through adequate facilities, solar access, shade and wind protection.
- maximises street activation.
- minimises potential vehicle, bicycle and pedestrian conflicts

If the development is affected by above ground dangerous goods storage from the surrounding developments and/or underground high pressure dangerous goods pipelines in the vicinity of proposal location:

- Not Applicable

Not Applicable

Concurrent Rezoning Compliance Table

Issue and Assessment Requirements	Location in EIS	Appendix
<i>Issue and Assessment Requirements</i>	<i>EIS Section</i>	<i>Technical Study</i>
1. Rezoning Proposal		
- Site description - Local context - Proposed development	Section 2.0 Section 3.0	Appendix B (Architectural Plans) Appendix G (Architectural Design Report)
2. Proposed Amendments		
Address all relevant legislation, environmental planning instruments (EPIs) (including drafts), plans, policies, guidelines and planning circulars. - Identify compliance with applicable development standards and provide an explanation of proposed amendments. - Land application - Land use zoning - Height of buildings - Floor space ratio - Minimum allotment sizes (if applicable) - Provision of affordable housing - Site specific provisions - Development Control Plan (DCP) (if applicable) - State Environmental Planning Policies (SEPPs) - Contributions - State contributions - Local contributions	Section 4.0	-
3. Strategic and Site-specific Merit		
- Regional Plans and strategies - Local strategic documents (e.g. LSPS, Housing Strategy)	Section 5.0	-
4. Relevant Issues		
Including, but not limited to the following: - Connecting with Country - Environmental - Flooding - Bushfire - Biodiversity - Contamination - Heritage	Section 8.0	Appendix B - II

- Social and Economic
 - Urban Design
 - Affordable housing
 - Public benefit
- Infrastructure funding and delivery
 - Transport
 - Utilities

5. Consultation		
-	Section 7.0	Appendix D
6. Annexures		
• Proposed statutory maps	Not Applicable	-
