

3rd July 2017

Secretary
Department of Planning and Environment
GPO Box 39
SYDNEY NSW 2001

Attention Mr Howard Reed

Dear Sir

Re: Sydney Trains' Dunmore Hard Rock Quarry

I am writing to formally request the Secretary's Environmental Assessment Requirements (SEARs) for the preparation of the EIS for the above project.

I have attached for your information and review a copy of the Preliminary Environmental Assessment for Sydney Trains' Dunmore Hard Rock Quarry – dated July 2016 containing further detail about the Project being planned by Sydney Trains.

In order to inform the preparation of the Preliminary Environmental Assessment, Sydney Trains has initiated a Community consultation program to ensure the Project is developed with the full knowledge of the concerns of surrounding landowners and the residents of Dunmore and surrounding areas.

Similarly this engagement is also providing those in the surrounding community with an appreciation of Sydney Trains' need for the Project as well as Sydney Trains' approach to the design and operation of the Project.

I trust the attached document contains sufficient information upon which to supply the SEARs for the Project. Should you require any further information about the Project, please don't hesitate to [contact the Project's lead consultant, Mr Rob Corkery](#) or myself.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Rob MacQueen', with a faint circular stamp in the background.
