Subject: Mangoola Coal Continued Operations (SSD-8642) - Revised Blast Management Plan

Dear Mr Palmer,

I refer to your submission dated 14 January 2025, requesting approval of the revised Mangoola Open Cut Blast Plan (Version 21, dated January 2025), including the revised Blast Fume Management Procedure (Version 11, dated January 2025) and Closing Public Roads – Mining Procedure (Version 17, dated January 2025).

The Department has carefully reviewed the document and is satisfied that it meets the requirements of the relevant conditions of consent for Mangoola Coal Continued Operations Project (SSD-8642). Accordingly, as nominee of the Planning Secretary, I approve the Mangoola Open Cut Blast Management Plan (Version 21, dated January 2025).

You are reminded that if there are any inconsistencies between the Plan and the conditions of approval, the conditions prevail. Please ensure you make the document publicly available on the project website at the earliest convenience. If you wish to discuss the matter further, please contact Kiera Plumridge at kiera.plumridge@dpie.nsw.gov.au.

Yours sincerely,

23/01/25

Jack Turner
