

**LEGEND**

- Subject Land (795ha)
- Proposal footprint (304ha) [inside 15m APZ buffer]
- Development Footprint
- Fence configuration 4 w/ drop down flood fencing
- Canal crossings
- Landscape Screening
- Native vegetation (10m buffer from dripline)
- Proposed 132kV substation (15m APZ buffer)
- New transmission line [connecting substation to Transgrid transmission line]
- Proposed site access
- Proposed construction compound
- Irrigation canals, waterways and dams (5m buffer) [stable access tracks run parallel and on both sides w crossings]
- Vehicle access route
- Lot boundaries
- Nearby sensitive residential receivers
- Transgrid electricity transmission line
- Contours (10m)

1:26,000
