

27 June 2018

Thomas Campbell
Tcampbell@tsmanagement.com.au

Dear Thomas

Following review of Chemicals kept on the Goulburn Base Hospital site and discussion with yourself and other relevant staff it has been determined that *the amount of dangerous goods stored on site is below the thresholds described in the SEPP 33 Guidelines.*

Yours sincerely

Mr Denis Thomas

Subject: Goulburn Hospital SEPP 33 Assessment

Dear Nicholas,

Based on the following information supplied to Pinnacle Risk Management, i.e. it is understood that Goulburn Hospital does not store or transport any Dangerous Goods or hazardous materials that exceed the threshold quantities in SEPP 33, then the hospital is not deemed to be a potentially hazardous facility. Therefore, a Preliminary Hazard Analysis (PHA) is not required.

Yours sincerely,

Dean Shewring
Principal Risk Consultant
